## Final Construction Inspection

**In progress.** This inspection is in progress.

**"In progress"** means that this inspection is available to schedule, not that it is currently being done. It needs to be scheduled below when you are ready.

**Cutoff** for a possible same day inspection is 8:20AM. Any requests after that time will automatically carry over to the next business day.

**Inspections** will be completed within two business days following notification unless other arrangements are made. We are available for inspections Monday through Friday, between the hours of 9:00AM and 3:00PM. [Please click here for dates we are closed.](#)

If you would like to request morning or afternoon, please do so in the comment box once you click "Request Inspection" below. Likewise, if the inspection will not be ready until a certain point of the day (such as it won't be ready until later in the afternoon), please include that in the comment box as well.

**Also,** please include any information necessary to the inspection in the comment box, such as if there is a lock box, key code, etc.

**Due** to the unpredictability of inspections, we do not schedule specific times of the day other than morning or afternoon.

**You** will be notified via the portal if your request cannot be accommodated.

**Inspection** results and any correction items will not be left on site. Please see the portal once you are notified that your inspection is complete. [For additional information please click here to see our website.](#)

### Request an Inspection

When you're ready for an inspection, you can request one by clicking the button

You will then be taken to this page. Scroll to the bottom of the page.

portal once you are notified that your inspection is complete. [For additional information please click here to see our website.](#)
