

USE CAUTION!

Hazardous products have warning labels for a reason.

Before transporting them in your vehicle, take the following precautions:

Keep products in their original containers, when possible.

Make sure products are properly sealed to prevent leaks and spills.

If a container is leaking or unstable, you will need to use a secondary, leak-proof container.

Do not mix products together. Dangerous reactions can occur when some chemicals are mixed.

Pack containers in a sturdy box in the trunk of your vehicle. Keep away from the driver, passengers and pets.

Boxes and containers (other than gasoline cans) cannot be returned to you.

Please do not put items in plastic bags.

If a product does not have the original label, label it yourself if you are certain of the contents. This will help us dispose of it properly.

Always store products in a secure place, away from children, pets, sparks and

SUN PRAIRIE Household Hazardous Waste Collection Event

Saturday,
September 30, 2023
8:30 a.m. to Noon

Family Aquatic Center
(parking lot)
920 Linnerud Dr
Sun Prairie, WI

[Recycle Center Permit is Required](#)

City of Sun Prairie Household Hazardous Waste Collection Event

Safely and Responsibly Dispose of
Hazardous Materials on:

September 30, 2023

[Recycle Center Permit is Required](#)

Do you have
unwanted
hazardous waste
products stored in

Common household products like lawn and garden pesticides, automotive fluids, leftover paints and other potentially harmful chemicals can pose a significant threat to the environment, if not disposed of properly.

Give them a new home!

Bring these wastes to the parking lot at the Sun Prairie Family Aquatic Center at 920 Linnerud Drive on September 30, 2023. We will recycle them or dispose of them in an environmentally safe manner.

This program is sponsored in full by **Pellitteri** at the request of the City. You must be a resident of the City of Sun Prairie to participate in this program.

*** LATEX PAINT WILL NOT BE
ACCEPTED AT THIS COLLECTION
EVENT.**

Latex paint is not a hazardous material. To properly dispose of latex paint, follow these simple instructions:

1. Open the can.
2. Dry or solidify the paint by mixing with Floor Dry, cat litter or sawdust. If the can is full, you will need to use a secondary container.
3. Dispose of the can and solidified paint in your refuse cart. Please remove lid.
