

Request for Qualifications
Main/Bristol Street Visioning and Redevelopment Plan
City of Sun Prairie, Dane County, Wisconsin
January 29, 2019

Overview:

On July 10, 2018, a utility crew working in the vicinity of the intersection of Main and Bristol Streets in downtown Sun Prairie struck a gas main, resulting in a major explosion. The blast and ensuing fire completely destroyed six buildings, damaged several others, and caused substantial damage to the surrounding streets and other infrastructure. Although the sites have been cleared and the street reconstructed and open to traffic, the recovery from the incident is far from complete. The City of Sun Prairie is now seeking the assistance of a qualified firm to work with property owners, stakeholders and the public to explore opportunities and identify the best course of action for filling the economic, social and aesthetic void that remains.

The City of Sun Prairie is seeking responses to this Request for Qualifications (RFQ) from qualified urban design firms interested in helping the community identify a desired vision and develop an implementation strategy for the redevelopment of the lands surrounding the site of the explosion.

The scope of work for the project will likely include numerous meetings with city staff and stakeholders, the preparation of various concept plans and redevelopment scenarios, several public meetings to solicit ideas and receive feedback, regular meetings with a project steering committee, and the preparation of a final plan and recommended implementation strategies. The city intends to use the RFQ process to select a preferred project team with which to negotiate a specific scope of work for these services.

Project Area:

While the specific properties involved in the July incident are easy to identify, the scope of the redevelopment area will be the subject of further study and discussion. The attached exhibit identifies the core properties that were affected by the explosion, as well as surrounding sites that may be ripe for redevelopment either due to property conditions, recent changes in ownership, or other miscellaneous opportunities. Parcels are currently owned by several individuals, including parcels owned by the City of Sun Prairie.

This site sits adjacent to the city's water and electric utility operations center, which is a potential candidate for relocation and expansion, and about two blocks from Ashley Field, the Sun Prairie Area School District's primary competition football field. A major renovation of Ashley Field and its environs is being contemplated by the district, and may be the topic of a spring referendum. Discussion of redevelopment scenarios and strategies will need to recognize the School District's intentions for Ashley Field, consider its implications on the project area and intervening properties, and contemplate the potential redevelopment of the Sun Prairie Utilities property, as well.

This process also has the potential to expand to include an update to the overall downtown plan, which was last updated in 2004. The city owns other properties downtown, and several properties identified as redevelopment sites in earlier plans have not yet been redeveloped.

Request for Qualifications:

Interested urban design firms shall have extensive experience in areas of downtown redevelopment and public engagement, a strong track record of developing successful implementation strategies, and exceptional rendering and visualization skills to help stakeholders and the public understand the concepts and ideas being discussed during all phases of the project. Responses to this RFQ shall be received by the city on or before February 26, 2019 (see details below), and shall include the following information:

1. A cover letter introducing the project team and expressing its interest in the project.
2. Resumes of all qualified personnel that will be part of the project team. Please indicate each individual's role in the project and their past experience in this role. Indicate who will be attending and running public meetings and events, and who will be the primary point of contact with the city.
3. A summary of applicable fees that includes the hourly billing rates of each member of the project team, as well as rates for other potential costs that may be billed to the city for the completion of the project (ie, travel, copying/printing, meeting attendance, etc.).
4. A narrative indicating why you feel your project team is qualified to lead this process, and describing any unique or critical services that your team could bring to the project.
5. Summaries of up to six past projects that your team has completed which are similar in nature to the Sun Prairie project and good examples of the team's capabilities. Please include a brief overview of each project as well as information such as results/implementation, the primary strategies employed by the project team to solicit public and stakeholder involvement, the key recommendations of the project team, and examples of illustrations and visuals/renderings prepared as part of the project. Contact information for clients for each project shall also be provided for reference purposes.
6. While a full market study may not be necessary, the city does want to make sure that ideas and recommendations are realistic and achievable. The submittal should include a description of resources available within your project team to ensure that ideas and recommendations are based in market realities.
7. A description of the strategies that the project team would recommend to solicit input from stakeholders and community residents and achieve "buy-in" from the community, including media strategies for getting the word out about the project. Details should be provided regarding the support and assistance that would be expected from the city and its staff in such activities.
8. Please indicate how quickly your team would be available to begin the project if selected as the preferred consultant.
9. Please feel free to include any other qualifications that you feel would more completely describe your project team's experience and expertise as it relates to the project described herein.

Questions Concerning This RFQ:

The city does not intend to field questions concerning this RFQ by phone or in person. Rather, questions shall be submitted by email to skugler@cityofsunprairie.com on or before Wednesday, February 13, 2019. Responses will be provided in writing on or before Friday, February 15, 2019, and emailed to all that submit questions or express an interest in receiving this information. Questions and responses will also be posted to two distribution networks at that time: DemandStar and VendorNet.

Evaluation of Qualifications:

Responses to this RFQ will be evaluated to determine which interested design teams will be invited to interview before the city's selection committee. It is the city's intent to select up to five qualified firms for interviews. Interested parties should prepare for potential interviews to take place on Friday, March 8, 2019. The evaluation of qualifications statements will be based on the following criteria:

- 30% - Experience of the project team relative to the services being requested, including examples of relevant projects, project implementation/success, and project references.
- 30% - Quality of visual representations/illustrations – i.e., the ability to visualize options and ideas being considered to ensure that they are fully understood by the public and stakeholders, and to generate excitement and interest in the opportunities that the redevelopment area has to offer.
- 30% - Quality of recommended public/stakeholder participation strategies and ideas.
- 10% - Availability to begin work in a timely fashion if selected.

Following the interviews and evaluation, the city will work with the preferred consultant to negotiate a project-specific scope of work, within budget parameters that are yet to be determined, for consideration by the City Council. The City reserves the right to reject any and all qualifications statements, and to terminate discussions with the preferred consultant and move on to discussions with another respondent if the parties are unable to reach agreement on a contract.

The city's standard professional services contract will be used to prepare the final consultant contract for this project. Said contract template, including provisions for minimum insurance requirements, is attached for informational purposes.

RFQ Submittal:

Responses to this RFQ shall be received by the City Clerk's Office within the Sun Prairie Municipal Building (ATTN: Planning Division - 300 E. Main Street, Sun Prairie, WI 53590) by 3 pm on Tuesday, February 26, 2019. Submittals shall include six (6) hard copies and a digital copy of all information, preferably with hard copies stapled or bound, and digital files combined into one document in pdf format. Digital files may be provided on a DVD or USB drive.

The City of Sun Prairie reserves the right to accept or reject any or all responses to this RFQ. The City shall not be responsible for any costs associated with the preparation of responses to this RFQ.

1. The parties acknowledge that City is a municipal corporation legally bound to comply with the Wisconsin Public Records Law and Open Meetings Law (see sections 19.32-19.39 and 19.81-19.98, Wis. Statutes) and that, unless otherwise clearly allowed by law to be an exception to the Public Record Law and confidential, all aspects of this agreement are subject to open disclosure and are a matter of public record. It is further agreed to that neither party will take any action to obstruct the operation of these laws. To comply with any request under said Public Record Law, the provider/contractor herein shall produce copies of all materials, gathered or produced or modified pursuant to this Contract to City, in their original (i.e., electronic or digital, etc.) format at actual cost of reproduction, without profit. Provider/contractor agrees to hold City, its agents, officials and employees harmless and to indemnify them and City for all costs, fees, including all reasonable attorney fees and expenses of all kinds, and any judgments, orders, injunctions, writs of mandamus, and damages or expense of whatever kind for which City or its agents, officials or employees may expend or be held liable due to the Provider/contractor's failure to comply with the Wisconsin Public Records and Open Meetings laws, or with this Agreement.
