June 27, 2019

Dear Mayor Esser, Members of the Common Council and Citizens of the City of Sun Prairie:

The City of Sun Prairie's (the City) 2018 Comprehensive Annual Financial Report (CAFR), including the Independent Auditor's Report is submitted. This report consists of management's representations concerning the finances of the City of Sun Prairie. Consequently, management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that it has established for this purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

The City maintains strong budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated operating and capital improvements budget adopted by the Common Council. Annual budgets are adopted for all funds, including the activities of the General Fund, Special Revenue Funds, Debt Service Funds, Capital Project Funds, Internal Service Fund and Enterprise Funds. Budgetary control is maintained through expenditure limitation at the cost center level (a cost center can be a fund, major program, department or specific activity for which control of expenditures is considered appropriate). Proposed expenditures for which monies were not previously appropriated, or which result in an overrun of budget control balances, may not take place without additional appropriations made available through Common Council approval.

The accounting firm of Baker Tilly Virchow Krause, LLP, an independent certified public accounting firm, has audited the City's financial statements. Baker Tilly Virchow Krause, LLP concluded, based upon its audit procedures, that the City's annual financial report for the fiscal year ended December 31, 2018 was fairly presented in accordance with Generally Accepted Accounting Principles (GAAP). The auditor's opinion is included in the financial section of this report.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of a Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The MD&A can be found immediately following the Independent Auditors' Report.

CITY OF SUN PRAIRIE PROFILE

History – Sun Prairie’s history dates back to 1837 when President Van Buren commissioned a party of 45 men, including August Bird, to build a state capitol in Madison. The group of men left Milwaukee on May 26, 1837 and traveled for days in the rain. On June 9, the group emerged at the edge of the prairie and with the sun shining, carved the words Sun Prairie into a tree. Charles Bird returned to the area 2 years later and became the first settler. The Town of Sun Prairie was created on February 2, 1846 and the City of Sun Prairie, which grew from the town, was incorporated in 1958.

Current Profile –

- The boundaries of Sun Prairie encompass an area approximately 12.8 square miles with an estimated population of 33,966.
- The City of Sun Prairie has historically been one of the fastest growing cities in Wisconsin with a population over 20,000 --a trend that continues today. This is also reflected in the fact that the Sun Prairie Area School District is the fastest growing school district in Wisconsin.
- The City is located in Dane County, immediately northeast of the City of Madison, which is home to the capital of the State of Wisconsin and the campus of the University of Wisconsin.
- The City’s location provides residents and businesses fast, easy access to the I-39/90 and I-94 corridors, as well as the Dane County Regional Airport.
- Sun Prairie is the birthplace of Georgia O’Keeffe. She has been described as one of the most significant and intriguing artists of the twentieth century, known internationally for her boldly innovative art and her original contributions to American Modernism.
- Sun Prairie’s Downtown area is home to Cannery Square, a successful redevelopment area in the City. This City’s popular events, including but not limited to the annual Groundhog Day Prognostication, Taste of Sun Prairie, and Fall Fest are held in this area.
- The Sun Prairie Business Park, located on U.S. 151 in the northeast corner of the City is one of the oldest and most successful employment centers in Dane County.
- The Grand Avenue Interchange on U.S. 151 is one of the fastest growing retail centers in Wisconsin.
- The City’s largest employer is Colony Brands employing approximately 505 people.
- Several major employers have their headquarters here in Sun Prairie, including 2G Engineering, Flexion, Continental Mapping, Compeer Financial, Hallman Lindsay Paints, i3 Product Development, ProActive Engineering, Wisconsin Distributors, Trachte Building Systems and Royle Printing.
- Sun Prairie’s Angell Park Speedway is one of nation’s oldest clay oval racetracks, hosting midget auto racing events throughout the summertime. Angell Park also is home to Sun Prairie’s annual Sweet Corn Festival.

Government and Organization – The City operates under a Mayor-Council form of government. The Mayor is elected at large for two years and eight council members representing four districts are elected for staggered two-year terms. The mayor and council are elected on a non-partisan basis. The City Council appoints the City Administrator who has the responsibility for carrying out Council policies and administering City operations. The City Council appoints the City department heads as specified in the City’s ordinances. The City operates its own electric utility and contracts with a non-profit company for fire protection services.

LOCAL ECONOMY

The economy continues to improve from the effects of the recession. The City has experienced significant residential and commercial growth including a thriving retail center in the southwest region of the City. Notable projects for 2018 include:

- Menards opened in July 2018.
- A Hilton Garden Inn hotel completed construction and opened in fall 2018.
- Two large luxury apartment complexes began construction on the City's west side in 2017 and opened in 2018.
- Full Mile Beer Company & Kitchen (microbrewery and full-service restaurant) and the Loft at 132 (event venue space) was completed and opened in 2018.
- Construction of two large apartment complexes began in 2018 along the main street corridor. The apartments will open in 2019.
- A new private business park, Park 151, was created in 2017. Construction of the first of two buildings were nearly completed in 2018.
- Two new elementary schools opened for the 2018-2019 school year. The citizens passed a referendum in April 2019 to build a new high school among other improvements to existing buildings.
- The City approved the funding of express bus service from the City of Sun Prairie to downtown Madison in the 2019 budget. The service will begin September 2019. Plans to build a park-n-ride in the City began in 2018.

Overall property valuation increased by 10.9% for 2018. This is the fourth year in a row that the City's tax base has increased. The City has regained the losses sustained during the great recession. Over the long-term the City is likely to continue to experience significant residential and commercial growth due to its proximity to the City of Madison. In 2018, the City had net new construction growth of 4.83% or \$144.2 million.

As a public power community, the City is able to provide its residential customers with electric rates averaging approximately 12% lower than the rates charged by the large investor-owned utilities servicing the surrounding communities.

Local economic indicators continued their favorable trends. The City's unemployment rate continued to compare favorable to the state and national average rates of 3.0% and 3.9% and was often one of the lowest in Wisconsin. Per capita and median income is above the state average. We expect these trends to remain favorable in the future.

LONG-TERM FINANCIAL PLANNING

The City of Sun Prairie is committed to planning for the future to ensure that both private development and public investment in new infrastructure are coordinated and aimed at a common vision for the community. This year, the City drafted a new Comprehensive Plan that will be considered for adoption in 2019. This plan will replace the existing comprehensive plan that has been guiding development and infrastructure decisions since 2009. In 2018, the City adopted the Central Main Street Corridor Plan to guide redevelopment within a portion of Tax Incremental District (TID) No. 11. An updated Parks and Open Space Plan was adopted in 2017. In addition, a community-driven process to prepare a redevelopment plan implementation strategy for the properties that were destroyed by the gas explosion in July 2018 is currently underway, with redevelopment efforts planned to begin as early as spring 2020. The City also annually prepares a five-year Capital Improvement Plan, and is scheduled to conduct a strategic plan with the City Council. City officials use these plans to guide community development decisions, to assist with community facility budgeting, as well as focus and stimulate private housing, business and industrial development decisions.

The Common Council approved the creation of the TID No. 8 in 2001 to finance the Downtown Revitalization Plan (Phase I and Phase II). This plan provides the framework for the redevelopment and enhancement of the historic Main Street corridor and the South Bristol and Market Street corridors.

The Common Council approved the creation of TID No. 9 in 2007 and expanded the TID in 2013. This mixed-use TID has developed into a thriving retail center including the completion of the Hilton Garden Inn and the construction of a new building that will house Home Goods, TJ Maxx and Five Below in 2019.

The Common Council approved the creation of TID No. 11 in 2014 to facilitate the implementation of the West Main Street Corridor Plan and to encourage the general redevelopment of the central Main Street area of the City.

The City created and expanded TID No. 12 in the northeast area of the City to expand the current Business Park.

The Common Council approved the creation of TID No. 13 district in 2017 to facilitate a light industrial park in the southwest area of the City. This TID takes advantage of the close proximity of State Hwy 151. Two new light industrial buildings were essentially completed in 2018. Sani-Matic Inc. will move and occupy one building and the second building has been fully leased. An additional building will start construction in 2019.

COMMUNITY SERVICES

The City provides services for its citizens including public safety (police, fire, emergency medical services and building inspection), streets, water, electric, wastewater, recreational programming and general administration. The citizens of Sun Prairie enjoy the 425 acres of Parks and 34.7 miles of trails within the City including Sheehan Park which is the City's 147 acre community park. This park includes a skateboard park, shelters, volleyball courts, softball fields, youth baseball complex, basketball courts, soccer field, playgrounds and a forested trail system. Some of the City's more unique services include an aquatic center, a Historical Museum, and a 36,000 s.f. library that serves the City as well as the surrounding area.

CERTIFICATE OF ACHIEVEMENT FOR EXCELLENCE IN FINANCIAL REPORTING

Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Sun Prairie for its comprehensive annual financial report for the fiscal year ended December 31, 2017. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to GFOA to determine its eligibility for another certificate.

ACKNOWLEDGEMENTS

The preparation of this Comprehensive Annual Financial Report on a timely basis was made possible by the dedicated service and commitment of each member of the Finance Department staff. They have our sincere appreciation for their individual contribution in preparation of the report. We express our appreciation to all the City staff that assisted and contributed to the preparation of this report.

We also want to recognize Baker Tilly Virchow Krause, LLP audit management team for their dedication and expertise, which contributed significantly to the report quality and adherence to professional accounting standards. Credit also must be given to the Mayor and City Council members for their continued support for maintaining the highest standards of professionalism in the management of the City of Sun Prairie's finances. For all those involved, we express our sincerest appreciation.

Respectfully Submitted,

INDEPENDENT AUDITORS' REPORT

To the Common Council
City of Sun Prairie
Sun Prairie, Wisconsin

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Sun Prairie, Wisconsin, as of and for the year ended December 31, 2018, and the related notes to the financial statements, which collectively comprise the City of Sun Prairie's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the City of Sun Prairie's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the City of Sun Prairie's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Sun Prairie, Wisconsin, as of December 31, 2018 and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the required supplementary information as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Sun Prairie's basic financial statements. The supplementary information as listed in the table of contents is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated in all material respects, in relation to the basic financial statements as a whole.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Sun Prairie's basic financial statements. The introductory and statistical sections as listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

June 27, 2019

**CITY OF SUN PRAIRIE
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
DECEMBER 31, 2018**

The following discussion and analysis is intended to provide readers an overview of the financial activities of the City of Sun Prairie (the City) for the fiscal year ended December 31, 2018. The information should be read in conjunction with the City's financial statements, which begin with the following section.

FINANCIAL HIGHLIGHTS

- The combined net position increased by 6.4% in 2018 to \$282.3 million. The City's net investment in capital assets was \$232.0 million at the end of 2018. An additional \$10.9 million was held for restricted purposes with \$39.4 million in unrestricted net position.
- At the end of 2018, the City's governmental activities reported a positive balance in unrestricted net position of \$10.5 million. This is an increase of \$5.5 million from the previous year due primarily to an increase in land held for resale.
- The City's general fund had an increase in fund balance of \$0.1 million for 2018. The general fund's unassigned fund balance at the end of 2018 was \$3.1 million. The unassigned fund balance amount at the end of 2018 is at 15% of the prior year's general fund revenue budget. This does not meet the City's goal for unassigned fund balance of 16.0% to 20.0% of the prior year general fund revenue budget. The primary reductions in the unassigned fund balance are continued advances to several tax increment financing districts. These districts are anticipated to repay the general fund in whole in future years.
- The City continues to experience an increase of property values in 2018. Equalized value increased by 10.9% in 2017 following an increase of 7.7% in 2016. The total property tax levy for the 2018-2019 tax year was \$27,509,672 an increase of 8.23% compared to the prior year.
- The City issued \$7.125 million General Obligation Corporate Purpose Bonds and \$7.825 million General Obligation Notes along with \$7.289 million in state trust fund loans. The Corporate Purpose Bonds of \$7.125 million were issued for water and electric infrastructure and the utility fees are expected to pay the debt service for these bonds.
- The City closed a 2014 wrongful termination grievance in 2018. The arbitrator awarded damages of \$622,000 to the terminated employees in 2017. The City sought review of the case by the Wisconsin Supreme Court but the Wisconsin Supreme Court denied review. The City paid the damages plus interest from unassigned fund balance. The City was able to close the year with actual revenues exceeding expenditures due to vacancy savings, increased permit revenue due to increased construction and development, and the delay of projects for an unrelated event.
- The City experienced a natural gas main explosion in July 2018. Significant resources were deployed to combat the disaster as well as to repair the damages. Many projects planned for 2018 have been delayed. Damages are estimated at \$623,000. The State of Wisconsin declared the event a disaster and assisted the City in repairs to the streets, sidewalks and street lighting. The City experienced a loss of real estate improvements estimated at \$4.5 million.

Management's Discussion and Analysis (Unaudited)

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements are comprised of three components: (1) Government-wide financial statements, (2) Fund financial statements, and (3) Notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide Statements

The government-wide financial statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to private-sector business.

The statement of net position presents information on all of the City's assets, liabilities and deferred inflows/outflows of resources, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether or not the financial position of the City is improving or deteriorating. Evaluation of the overall health of the City should extend to other non-financial factors such as the diversification of the tax base or the condition of City infrastructure, in addition to the financial information provided in this report.

The statement of activities presents information showing how the City's net position changed during the current fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. An important purpose of the design of the Statement of Activities is to show the financial reliance of the City's distinct activities or functions on revenues provided by the City's taxpayers.

Both of the government-wide financial statements distinguish governmental activities of the City that are principally supported by taxes and intergovernmental revenues, from business-type activities that are intended to recover all or a significant portion of their costs through user fees and charges. The governmental activities of the City include general government, public safety, public works, health and human services, culture, recreation and education, and conservation and development. Business-type activities include the City's electric, water, wastewater, and storm water utilities. Fiduciary activities, such as tax collection and the Multijurisdictional Public Safety Information System Commission (MPSISC) and the Utilities Pension Trust, are not included in the government-wide statements since these assets are not available to fund City programs.

The government-wide financial statements include the Community Development Authority (CDA). The CDA is a legally separate organization (component unit) that is presented as a discrete column separate from the primary government.

In addition to this City financial report, separate financial reports have been issued for Sun Prairie Utilities and the Sun Prairie Water Pollution Control Facility. These reports provide additional detail on the operation of the City's electric, water, and wastewater utilities.

Management's Discussion and Analysis (Unaudited)

Fund Financial Statements

The fund financial statements are designed to report information about groupings of related accounts that are used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City of Sun Prairie can be divided into three categories: governmental funds, proprietary funds and fiduciary funds.

Governmental Funds – are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. Most of the City's basic services are reported in governmental funds. These statements, however, focus on near-term inflows and outflows and spendable resources available at the end of the fiscal year. Such information may be useful in determining what financial resources are available in the near future to finance the City's programs. Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

Other than the General Fund, the City maintains several individual governmental funds organized according to their type (special revenue, debt service, capital projects, and permanent funds). Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures and changes in fund balances for the General Fund, General Debt Service Fund, and General Capital Projects Fund, which are considered major funds. Data from the remaining governmental funds are combined into a single, aggregated presentation. Individual fund data for each of the non-major governmental funds is provided in the form of combining statements elsewhere in this report.

Proprietary Funds – are generally used to account for services provided to customers to whom the City charges user fees that are designed to fully recover the cost of providing the service. Proprietary fund statements provide the same type of information shown in the government-wide financial statements, only in more detail. The City maintains two types of proprietary funds – enterprise and internal service. The City uses enterprise funds to account for its electric and water, wastewater, and storm water utilities. All enterprise funds are considered to be major funds of the City. The City uses an internal service fund for its fleet. This distributes charges of fleet activities to the City departments.

Fiduciary Funds – are used to account for resources held for the benefit of parties outside the City. These funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the City's own programs. The City is the trustee, or fiduciary agent, for collection of property taxes for the City and for all taxing jurisdictions, including the Sun Prairie and Deforest School Districts, Dane County, State of Wisconsin, and Madison College and they are also the fiduciary agent for MPSISC and the Utilities Pension Trust Fund.

Management's Discussion and Analysis (Unaudited)

Notes to the Financial Statements

The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

FINANCIAL ANALYSIS OF THE CITY AS A WHOLE

Statement of Net Position

The City of Sun Prairie's statement of net position at December 31, 2018 and 2017 are summarized in the table below.

The City's net position increased by \$17.0 million or 6.4% during the current fiscal year due to an increase in investments in capital assets such as land, buildings, building improvements, machinery and equipment, infrastructure, and construction in progress capitalized for both the governmental and business-type activities during the year. The primary increase is due to development and contribution of assets from the developers. City investments were funded with general obligation notes and general obligation corporate purpose bonds.

The net investment in capital assets accounts for 82.2% of the City's total net position. This represents both the City's investment in capital assets less any related debt used to acquire those assets. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be liquidated for these liabilities.

The following table provides a summary of the City's net position for 2018 and 2017:

Management's Discussion and Analysis (Unaudited)

CITY OF SUN PRAIRIE NET POSITION						
	Governmental		Business-Type		Total	
	Activities		Activities			
	2018	2017	2018	2017	2018	2017
Current and other assets	\$ 63,378,323	\$ 54,465,675	\$ 46,862,865	\$ 41,387,726	\$ 110,241,188	\$ 95,853,401

Net position:						
Net investment in						
capital assets	92,635,035	92,056,269	139,352,187	131,184,254	231,987,222	223,240,523
Restricted	6,547,859	5,836,997	4,365,726	4,490,512	10,913,585	10,327,509
Unrestricted	<u>10,501,051</u>	<u>5,049,968</u>	<u>28,890,534</u>	<u>26,682,513</u>	<u>39,391,585</u>	<u>31,732,481</u>
Total net position	<u>\$ 109,683,945</u>	<u>\$ 102,943,234</u>	<u>\$ 172,608,447</u>	<u>\$ 162,357,279</u>	<u>\$ 282,292,392</u>	<u>\$ 265,300,513</u>

An additional portion of the City's net position represents resources that are subject to external restriction on their usage. The net position subject to external restrictions was \$10.9 million as of December 31, 2018. Restricted net position for governmental activities increased \$0.6 million primarily due to the increase in the value of the City's proportionate share of the Wisconsin Retirement System (WRS) net pension asset offset by a decrease in restrictions for transportation improvements. Additional detail about the WRS can be found in Note IV.B. on pages 60 through 66 of the financial statements.

The remaining balance of net position is unrestricted and may be used to meet the government's ongoing obligation to citizens and creditors. The unrestricted portion of the net position was \$39.4 million at the end of the year. It is important to note that \$28.9 million, of the unrestricted net position is related to the City's business-type activities. Consequently, they generally may not be used to fund governmental activities.

Governmental activities unrestricted net position increased to a balance of \$10.5 million due to relatively flat expenses due to vacancies and delayed projects as it relates to increased revenue from development. Capital grants and contributions decreased due to a decrease in assets dedicated to the City such as roads, storm sewers or sanitation sewers. Additionally, the City has incurred significant non-capitalized redevelopment expenditures in TID No. 8 for the acquisition, demolition, and remediation of property located in the City's downtown revitalization area. These improvements were financed through long-term borrowing, which will be repaid through future tax increments. As of January 1, 2018, TID No. 8 had an equalized value increment of \$78,239,500. Based on current projections, TID No. 8 is projected to generate sufficient tax increment to pay off its debt obligations. TID No. 9 also has a deficit fund balance due to expenditures for the repayment of long-term general obligation debt which was used to purchase land and install infrastructure. It is expected that future tax increments will be sufficient to recover any costs and pay all future debt service obligations.

Management's Discussion and Analysis (Unaudited)

Change in Net Position

The City's combined net position increased by \$16.9 million from fiscal year 2017 to 2018, an increase of 6.4%. Of this increase, the net position of the City's governmental activities increased by 6.5%, or \$6.7 million. The net position of the business-type activities increased 6.3%, or \$10.3 million.

The following table provides a more detailed analysis of the City's change in net position:

Management's Discussion and Analysis (Unaudited)

Governmental Activities

An examination of the statement of activities can provide a concise picture of how the various activities of the City are funded. The following charts draw data from the statement of activities. The City received \$39.0 million in governmental activities revenues in 2018. This was a decrease of \$3.7 million from the prior year. The City is highly dependent upon property taxes for funding and they remain the largest source of governmental activities revenues representing 65.1% of the total in 2018. Property tax revenue is used to finance the City's general fund, debt service, and TIF districts. Intergovernmental revenues and other operating and capital grants comprise 19.3%, while charges for services and all other sources account for 15.6% of total governmental activity resources.

The City experienced an 8.7% decrease in revenues from 2018 to 2017. The primary changes are as follows:

- The council approved an increase in the property tax levy (\$1.2 million) primarily corresponding to the additional equalized value resulting from increased development in 2017.
- Charges for services decreased 4.4% (\$268,500) primarily due to decreased development in the Westside Traffic Impact fee area.
- Capital grants and contributions decreased approximately \$4.1 million due to decreased dedications of infrastructure by developers.

Total governmental activities expenses were \$33.8 million in 2018. Public safety (including police, emergency medical services, building inspection, and fire services) accounts for the largest share of City expenses at 36.7%. This is followed by public works with 23.1%, general government with 14.5%, culture, recreation and education with 13.1%, and conservation and development at 8.4%. Interest & fiscal charges make up the remaining 4.1%.

**Management's Discussion and Analysis
(Unaudited)**

Business-type activities include the City's water and electric, wastewater, and storm water utilities. The City's telecommunications utility was sold in 2017. In 2018, revenue for business-type activities totaled \$47.3 million. Charges for services were the largest revenue source for these operations, representing 81.3% of business-type activity revenues. Capital grants and contributions accounted for 15.8% of revenues with other general revenues representing 2.8%.

**Management's Discussion and Analysis
(Unaudited)**

The net position of Sun Prairie Utilities increased by \$3.6 million, which represents a 4.9% increase over 2017. Combined operating revenues for the utility decreased by .1%, or \$37,800. Operating expenses for the utility increased by \$550,900, or 1.9% from 2017.

The net position of the wastewater utility increased by \$3.3 million, which represents a 7.1% increase from 2017. Wastewater utility operating revenues increased by \$324,200, or 8.2%, in 2018. Operating expenses of the utility increased by \$193,200, or 5.7%, from 2017.

The net position of the storm water utility increased by \$3.4 million during 2018, an increase of 8.0%. Storm water utility operating revenues increased by \$134,600, or 5.6% while operating expenses increased by \$204,200, or 11.2%.

The increase in net position for the enterprise funds is due to development in the City during 2018 and the resulting contributed assets as an outcome of that development as well as modest fee increases.

The last approved rate increases for the electric, water, wastewater, and storm water utilities were effective as follows:

- Electric rates were effective as of July 2, 2016.
- Water rates were effective as of January 6, 2016.
- Wastewater rates were effective as of January 1, 2018. City Council approved a rate increase effective January 1, 2019.
- Storm water rates were effective as of July 1, 2017. City Council approved a rate increase effective July 1, 2019.

Management's Discussion and Analysis (Unaudited)

FINANCIAL ANALYSIS OF THE CITY'S FUNDS

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

The focus of the City's governmental funds is to provide information regarding near-term inflows, outflows, and spendable resources. Such information can be useful in addressing the City's financing requirements. In particular, the level of unassigned fund balances may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year. At the end of 2018, the combined fund balances for the City's governmental funds were \$21.7 million, as detailed below:

Fund balance is reported in classifications that comprise a hierarchy based on the extent to which the City is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. The classifications of fund balance are *Non-spendable*, *Restricted*, *Committed*, *Assigned*, and *Unassigned*. The amount that represents available resources for spending is the total of *Committed*, *Assigned*, and *Unassigned*. The unrestricted fund balance, less the non-spendable portion, may serve as a useful measure of a government's net resources available for spending at each fiscal year end.

**Management's Discussion and Analysis
(Unaudited)**

CITY OF SUN PRAIRIE GOVERNMENTAL FUND BALANCES

	<u>2018</u>	<u>2017</u>
Nonspendable, reported in:		
General Fund	\$ 3,743,664	\$ 2,763,109
Special revenue funds	3,022	2,502
Permanent Funds	362,296	-
Restricted, reported in:		
General Fund	587,226	510,786
Special revenue funds	3,942,322	4,703,102

Capital project funds	2,823,048	1,488,642
Permanent funds	-	449,618
Committed to:		
Special revenue funds	1,082,428	909,372
Assigned, reported in:		
General Fund	4,167,316	3,602,423
Capital project funds	5,036,191	679,096
Unassigned, reported in:		
General Fund	3,078,057	4,599,141
Special revenue funds	-	-
Debt service funds	(254,155)	(383,296)
Capital project funds	<u>(2,891,598)</u>	<u>(2,143,429)</u>
Total Fund Balances	<u>\$ 21,723,229</u>	<u>\$ 17,314,795</u>

General Fund: The general fund is the primary operating fund of the City. Total fund balance as of December 31, 2018 was \$11.6 million, of which \$3.7 million was nonspendable. Included in this amount is \$2.6 million representing advances to TIF District funds. Assigned fund balance comprised another \$4.2 million of the total fund balance. The 2018 payment in lieu of taxes due to the general fund from the electric and water utility represents \$1.8 million of the assigned fund balance. Unassigned fund balance in the general fund at the end of 2018 was \$3.1 million, which represents 15% of the total prior year general fund revenue budget. The City modified the debt management policy in 2018 moving the target range of general fund balance from 12% to 18% in prior years to 16% to 20% in 2018. This was done to provide sufficient cash flow, stabilization, and emergency reserves for the City. At this time the City does not meet the minimum requirement of 16%.

General Debt Service Fund: The general debt service fund accounts for the accumulation of funds for the payment of long-term debt principal, interest, and related costs. The annual revenue budget for the debt service fund is set to meet the current year obligations. As such, the City is not required to maintain a large ongoing fund balance.

General Capital Projects Fund: The general capital projects fund is used to account for major capital improvement projects relating to City-owned capital assets. The fund balance at the end of 2018 was \$6.9 million.

Management's Discussion and Analysis (Unaudited)

Proprietary Funds

Sun Prairie Utilities (SPU) (Electric and Water): The SPU's operating income was \$2.6 million in 2018, with net income before transfers and contributions of \$3.2 million. This is a decrease of \$561,200 (5.1%) over 2017.

Water Pollution Control Facility (WPCF): The WPCF's operating income was \$726,000 in 2018, with net income before transfers and contributions of \$711,000. This is a result of a minor rate increase in 2018.

Storm Water Utility: The Storm Water Utility had operating income of \$512,700 in 2018, with a net income before contributions and transfers of \$368,500 and an increase in net position of \$3.4 million. The Storm water utility continues to require significant infrastructure improvements. A 20% rate increase was implemented on July 1, 2017. This rate increase is a result of the purchase of land and the future construction of a regional storm water facility. The City approved an additional 15% rate increase to take effect July 1, 2019 to fund the investment of additional storm water infrastructure. The increase in net position is primarily a result of an increase in capital contributions due to development of \$1.2 million in 2018.

GENERAL FUND BUDGETARY ANALYSIS

The general fund budget is adopted at the function level of expenditure. In 2018, the general fund experienced a net increase in fund balance of \$100,804.

Total general fund revenues exceeded the budget by \$417,933. Significant revenue variances for 2018 are noted below:

- **Licenses and Permits: Surplus \$362,810**

Licenses and permit revenues represent fees collected for alcohol licensing, animal licenses as wells permit revenue generated from development. This variance is a result of increased development in the City. The City experienced record amounts of new homes built as well as three additional apartment complexes.

- **Fines, forfeitures and penalties: Deficit \$ 13,365**

Fines, forfeitures and penalties are the revenue received for municipal ordinance violations and parking tickets.

- **Public Charges for Services: Surplus \$110,533**

Public charges for services represent fees charged for various City services including ambulance calls, recreation programs, inspections, and fees from the Family Aquatic Center. EMS ambulance fee revenue for 2018 exceeded the budget by \$115,502 due to increased call volume and collection rates. In addition, recreation fees experienced a surplus of \$38,267 in fee revenue due to increased programming.

- **Investment Income: Surplus \$ 127,200**

Investment income exceeded the 2018 budget by \$127,200 due to higher interest rates on short-term investments.

Management's Discussion and Analysis (Unaudited)

- **Miscellaneous Revenues: Deficit \$ 174,243**

Miscellaneous revenues consist of sales of equipment and materials, donations, insurance dividends, and reimbursement from the Wastewater Utility and Storm water Utility for City services. In 2018, the City delayed construction projects as the projects were bid out late resulting in a higher than expected cost. This reduced the amount of revenue received for engineering services to the wastewater and Storm water funds. Additionally, the regional storm water facility was delayed due to potential development and possible change in location of the storm water pond. This resulted in a lower than expected reimbursement to the general fund for engineering fees by \$119,000. Insurance dividends and recoveries experienced a deficit of \$119,000 due to a delay in reimbursement for damages that were created by a gas main explosion in the downtown area of the City. The payments were received in May, 2019.

Total general fund expenditures and other financing uses were \$1,061,096 under budget in 2018. Areas that experienced significant variances from the budget are noted below:

- **Police Department: Surplus \$ 289,130**

The Police Department experienced a savings due to significant vacancies throughout the year. These vacancies were due to retirement and change of career.

- **General government operations: Surplus \$ 346,078**

The City experienced savings in the Information Technology Department from the delay of an upgrade to the buildings security systems of approximately \$145,000. The City budgets \$45,000 annually for emergency repairs and maintenance. \$31,000 of these funds were unused in 2018 and were added to the City's assigned fund balance for building maintenance. The balance of the savings was from \$115,000 of unspent contingency funds included as part of the finance operating budget. The City Council allocated \$30,000 for assistance related to the gas main explosion in the downtown area of the City. These funds were not spent until April, 2019.

- **Public Works Department: Surplus \$125,931**

The Public Works Department had a surplus primarily due to a reduction in operating supplies such as salt and reduced contracted costs for street maintenance such as chip seal, slurry seal, and sidewalk repairs.

- **Parks and Recreation: Surplus \$127,556**

The Parks and Recreation Department experienced a savings of \$86,000 due to vacancies in park maintenance operations as well as a delay of the park camera replacement until 2019.

- **Historical Museum: Surplus \$31,044**

The Historical Museum building sustained damages due to the natural gas main explosion that occurred in the City's downtown area. The savings was due to the closure of the building and the resulting reduction of operating costs. The majority of these funds will be used in 2019 for repairs to the building.

- **Planning Department: Surplus \$75,661**

The planning department experienced a savings of \$63,000 for professional services related to the comprehensive plan update. The update was not completed in 2018 and the funds will be used to finish the project in 2019.

Management's Discussion and Analysis (Unaudited)

BUDGETARY ANALYSIS

The City's 2018 General Fund original adopted expenditure budget including other financing uses totaled \$24,519,132. The Common Council approved departmental 2017 carryover requests of 2017 unspent operating funds of \$157,996.

The City ended 2018 with a total fund balance increase of \$100,804 and an unassigned fund balance decrease from 2017 of \$1,521,084.

Actual general fund revenue exceeded the budget by \$417,933 (1.9%) due in general to an increase in development in the City. General fund expenditures finished 2018 with a favorable budget variance of \$1,044,216 (4.4%) primarily due to savings from vacancies and delayed projects due to the reassignment of staff resources to manage the gas main explosion that occurred in July 2018. Statements highlighting budget versus actual variances can be found on pages 76 through 79.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

At the end of 2018, the City of Sun Prairie had investments in capital assets of \$302.7 million, net of accumulated depreciation, for all governmental and business-type activities of the City. This represents an increase of 6.0% from the end of 2017.

Major capital asset improvements within the City's governmental activities included \$8.6 million for street additions and reconstruction. This includes new streets dedicated to the City from developers and the reconstruction of existing streets. \$2.3 million for the addition and reconstruction of bike paths and sidewalks. The City purchased \$842,000 in machinery and equipment assets for fleet purposes. The purchases were typical fleet purchases of pickup trucks, squad cars and mowers. Additionally, the City purchased a new ambulance.

In the City's business-type activities, major capital additions (prior to depreciation) include \$2.6 million for electric distribution plant, \$4.4 million for water infrastructure, \$2.9 million for wastewater infrastructure, and \$2.5 million for the storm water infrastructure. These additions include dedications in new developments. The following table provides a summary of the City's changes in capital assets:

Management's Discussion and Analysis (Unaudited)

Additional detail about the changes in capital assets can be found in Note III.D on pages 40 through 43 of the financial statements.

Long Term Debt

The City's outstanding general obligation debt as of December 31, 2018 totaled \$72.8 million. In addition, the City had revenue debt outstanding of \$13.0 million that is guaranteed by revenues generated from the City's electric, water, and wastewater utilities. There were also outstanding capital leases in the amount of \$7.0 million that are supported by revenues from the City's tax increment financing districts.

The City issued \$22.24 million of long-term general obligation debt in 2018. The debt was used to finance 2018 capital project expenditures.

City Capital Projects	\$ 11,390,000
City Acquisition of Land	3,589,000
Fleet Purchases	135,000
Water Infrastructure Projects	6,265,000
Electric Infrastructure Projects	860,000
Total	\$22,239,000

The City's outstanding general obligation bonds are rated Aa2 by Moody's Investors Service. Moody's defines an Aa2 rating as representing "high quality and very low credit risk." In its September 13, 2018 rating analysis, Moody's stated that factors contributing to the City's high rating include "large tax base adjacent to the City of Madison and sound financial operations and healthy reserve levels and modest unfunded pension liabilities". Revenue bonds of the City's water and electric utility are rated A1. Debt issued by the Sun Prairie Community Development Authority carries an A1 bond rating.

Management's Discussion and Analysis (Unaudited)

Wisconsin state statutes limit the amount of general obligation debt that a governmental entity may issue to 5.0% of its total equalized valuation. Based on the City's 2018 equalized valuation of \$3.3 billion the City's statutory debt limit is \$165,505,585. The City was at 43.9% of its legal debt limit as of December 31, 2018.

The following table provides a summary of all outstanding debt and lease obligations:

CITY OF SUN PRAIRIE OUTSTANDING DEBT

	Governmental Activities		Business-Type Activities		Total	
	2018	2017	2018	2017	2018	2017

Revenue bonds	-	-	13,173,282	14,986,215	13,173,282	14,986,215
Capital leases	7,048,229	8,398,229	-	-	7,048,229	8,398,229
Total	<u>\$57,446,088</u>	<u>\$50,765,148</u>	<u>\$35,548,282</u>	<u>\$ 31,726,215</u>	<u>\$92,994,370</u>	<u>\$ 82,491,363</u>

More detail regarding the City's outstanding debt can be found in Note III.F on Pages 47 through 52 of this report.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

The City of Sun Prairie is an economically stable community located in northeastern Dane County and shares a border with the City of Madison, which is the state capital. This location has contributed to the City's rapid growth and strong economic position. As of January 1, 2018, the population is estimated at 33,966. This is an increase of 4,602 since 2010. During this period, the City's population has grown by 15.7% making it one of the fastest growing municipalities in the State of Wisconsin. Major development projects in the City include a new light industrial business park, redevelopment of the downtown area, a new Westside commercial center, and a mixed-use TIF district that has become a retail destination center. The redevelopment of the downtown area includes the construction of new apartment complexes and a retail center. The Westside commercial center continues to grow with the completion of a Hilton Gardens Hotel, Menards retail store, and two apartment complexes.

From 2000 to 2008, Sun Prairie's tax base experienced average growth of 12.8% per year. From 2008 to 2014, the growth in Sun Prairie leveled off. The City has experienced a 10.9% increase in equalized property valuation from 2017 to 2018 for a total of \$3.31 billion.

The local economy remains strong compared to state and national averages. Unemployment in the Madison area is consistently below the state average and national average, while Sun Prairie's adjusted gross income per return continues to average above the state as a whole. The Dane County unemployment rate is 2.2% in 2018, below the state and federal rates of 3.0% and 3.9% respectively.

The Sun Prairie City Council approved the 2019 budget, which authorized general fund expenditures of \$24,519,132. The combined property tax levy was \$27,509,672, which is an increase of 8.23%. The City's portion of the mill rate increased by 3.93%. The current mill rate is \$7.95 per \$1,000 of assessed value.

Management's Discussion and Analysis (Unaudited)

Beginning with the 2006 budget, the City has been subject to state-imposed property tax limits which restrict the growth of the tax levy to the greater of the percentage of net new construction growth plus the increase in debt service or a state valuation factor.

Locally assessed real estate value increased by approximately 4.0% in 2018. Commercial property increased by 7.33% and residential property increased by 3.17%. New construction increased from \$63.6 million in 2016 to \$144.2 million in 2017.

CONTACTING THE CITY'S FINANCIAL MANAGEMENT

This financial report is intended to provide a general overview of the City's finances and to demonstrate the City's accountability for the funds it receives. Requests for additional information regarding the City's finances or questions concerning any of the information found in this report should be addressed to the City of Sun Prairie Director of Administrative Services at 300 E Main Street, Sun Prairie, Wisconsin 53590. Other information related to the City can be found on the City's website at www.cityofsunprairie.com.

CITY OF SUN PRAIRIE

RECONCILIATION OF THE BALANCE SHEET OF GOVERNMENTAL FUNDS TO THE STATEMENT OF NET POSITION

December 31, 2018

Total Fund Balances - Governmental Funds	\$ 21,723,229
Amounts reported for governmental activities in the statement of net position are different because:	
Capital assets used in governmental funds are not financial resources and, therefore, are not reported in the funds. See Note III. D.	132,491,420
Special assessments that are not currently available are reported as unavailable revenues in the fund financial statements but are recognized as revenue when earned in the government-wide statements. See Note III. B.	169,454
Some receivables that are not currently available are reported as unavailable revenues in the fund financial statements but are recognized as revenue when earned in the government-wide statements. See Note III. B.	498,248
The net pension asset does not relate to current financial resources and is not reported in the governmental funds.	1,509,332
Deferred outflows of resources related to pensions do not relate to current financial resources and are not reported in the governmental funds.	3,168,829
Deferred inflows of resources related to pensions do not relate to current financial resources and are not reported in the governmental funds.	(2,938,468)
Land held for resale used in governmental funds are not financial resources and, therefore, are not reported in the funds.	6,899,712
Internal service funds are reported in the statement of net position as governmental activities.	4,828,200
Some liabilities, including long-term debt, are not due and payable in the current period and therefore, are not reported in the funds.	
Bonds and notes payable	(48,332,859)
Compensated absences	(1,618,325)
Accrued interest	(676,746)
Unamortized debt premium	(989,852)
Capital leases	<u>(7,048,229)</u>
NET POSITION OF GOVERNMENTAL ACTIVITIES	<u>\$ 109,683,945</u>

CITY OF SUN PRAIRIE

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES For the Year Ended December 31, 2018

Net change in fund balances - total governmental funds	\$	4,408,434
--	----	-----------

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of net position the cost of these assets is capitalized and they are depreciated over their estimated useful lives and reported as depreciation expense in the statement of activities.

Capital outlay is reported as an expenditure in the fund financial statements but is capitalized in the government-wide financial statements		12,592,102
Some items reported as capital outlay were not capitalized		(662,874)
Some items reported as operating expenses in the fund financial statements, are capitalized in the government-wide statements.		1,602,248
Depreciation is reported in the government-wide financial statements		(4,465,004)
Net book value of assets retired		(299,168)

Contributed capital assets are reported as revenues in the governmental activities.		1,127,864
---	--	-----------

Receivables not currently available are reported as revenue when collected or currently available in the fund financial statements but are recognized as revenue when earned in the government-wide financial statements.		(89,779)
---	--	----------

Land held for resale is reported as an expenditure in the governmental funds when purchased and revenue when sold. However, in the statement of net position, these assets are capitalized at the lower of cost or market and held until the time of sale.		(84,670)
--	--	----------

Debt issued provides current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net position. Repayment of debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position.

Debt issued		(14,979,000)
Principal repaid		8,183,060

Governmental funds report debt premiums and discounts as other financing sources (uses) or expenditures. However, in the statement of net position, these are reported as additions to or deductions from long-term debt. These are allocated over the period the debt is outstanding in the statement of activities and are reported as interest expense.

Amortization of premium on debt		117,050
Current year premium		(413,748)

Some expenses in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds.

Compensated absences		(198,934)
Other postemployment benefits		43,332
Accrued interest on debt		(237,433)
Net pension liability/asset		1,815,291
Deferred outflows/inflows of resources related to pensions		(1,602,339)

Internal service funds are used by management to charge fleet costs to individual funds.

The change in net position of the internal service fund reported in governmental activities		(115,721)
---	--	-----------

CHANGE IN NET POSITION OF GOVERNMENTAL ACTIVITIES	\$	<u>6,740,711</u>
--	-----------	-------------------------

See accompanying notes to financial statements.

CITY OF SUN PRAIRIE

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2018

NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of the City of Sun Prairie, Wisconsin conform to accounting principles generally accepted in the United States of America as applicable to governmental units. The accepted standard-setting body for establishing governmental accounting and financial reporting principles is the Governmental Accounting Standards Board (GASB).

A. REPORTING ENTITY

This report includes all of the funds of the city. The reporting entity for the city consists of the primary government and its component units. Component units are legally separate organizations for which the primary government is financially accountable or other organizations for which the nature and significance of their relationship with the primary government are such that their exclusion would cause the reporting entity's financial statements to be misleading. The primary government is financially accountable if (1) it appoints a voting majority of the organization's governing body and it is able to impose its will on that organization, (2) it appoints a voting majority of the organization's governing body and there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the primary government, (3) the organization is fiscally dependent on and there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the primary government. Certain legally separate, tax exempt organizations should also be reported as a component unit if all of the following criteria are met: (1) the economic resources received or held by the separate organization are entirely or almost entirely for the direct benefit of the primary government, its component units, or its constituents; (2) the primary government or its component units, is entitled to, or has the ability to access, a majority of the economic resources received or held by the separate organization; and (3) the economic resources received or held by an individual organization that the primary government, or its component units, is entitled to, or has the ability to otherwise access, are significant to the primary government.

Component units are reported using one of two methods, discrete presentation or blending. Generally, component units should be discretely presented in a separate column in the financial statements. A component unit should be reported as part of the primary government using the blending method if it meets any one of the following criteria: (1) the primary government and the component unit have substantively the same governing body and a financial benefit or burden relationship exists, (2) the primary government and the component unit have substantively the same governing body and management of the primary government has operational responsibility for the component unit, (3) the component unit serves or benefits, exclusively or almost exclusively, the primary government rather than its citizens, or (4) the total debt of the component unit will be paid entirely or almost entirely from resources of the primary government.

Discretely Presented Component Units

Community Development Authority

The government-wide financial statements include the Community Development Authority ("CDA") as a component unit. The CDA is a legally separate organization. The board of the CDA is appointed by the mayor and confirmed by the city council. Wisconsin Statutes provide for circumstances whereby the city can impose its will on the CDA, and also create a potential financial benefit to or burden on the city. See Note III.I. As a component unit, the CDA's financial statements have been presented as a discrete column in the financial statements. The information presented is for the fiscal year ended December 31, 2018. The CDA does not issue separate financial statements.

CITY OF SUN PRAIRIE

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2018

NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

A. REPORTING ENTITY (cont.)

Discretely Presented Component Units (cont.)

Business Improvement District (the "BID")

The BID was created under the provisions of Wisconsin Statute Section 66.608. The BID is a legally separate organization. The board of the BID is appointed by the mayor and confirmed by city council. Wisconsin Statutes provide for circumstances whereby the city can impose its will on the BID, and also create a potential financial benefit to or burden on the city. The Business Improvement District is part of the reporting entity of the City of Sun Prairie. However, the BID had no financial transactions during 2018 which are material to these financial statements. Also, the BID does not own any capital assets nor is it liable for any debt. Therefore, no financial statements are presented in this report. The BID issues separate financial statements that are available through the City of Sun Prairie.

B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

Government-Wide Financial Statements

The statement of net position and statement of activities display information about the reporting government as a whole. They include all funds of the reporting entity except for fiduciary funds. The statements distinguish between governmental and business-type activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange revenues. Business-type activities are financed in whole or in part by fees charged to external parties for goods or services. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. The city does not allocate indirect expenses to functions in the statement of activities. Program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not included among program revenues are reported as general revenues. Internally dedicated resources are reported as general revenues rather than as program revenues.

Fund Financial Statements

Financial statements of the city are organized into funds, each of which is considered to be a separate accounting entity. Each fund is accounted for by providing a separate set of self-balancing accounts, which constitute its assets, deferred outflows of resources, liabilities, deferred inflows of resources, net position/fund balance, revenues, and expenditures/expenses.

CITY OF SUN PRAIRIE

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2018

NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS (cont.)

Fund Financial Statements (cont.)

Funds are organized as major funds or nonmajor funds within the governmental and proprietary statements. An emphasis is placed on major funds within the governmental and proprietary categories. A fund is considered major if it is the primary operating fund of the city or meets the following criteria:

- a. Total assets/deferred outflows of resources, liabilities/deferred inflows of resources, revenues, or expenditures/expenses of that individual governmental or enterprise fund are at least 10% of the corresponding total for all funds of that category or type, and
- b. The same element of the individual governmental or enterprise fund that met the 10% test is at least 5% of the corresponding total for all governmental and enterprise funds combined.
- c. In addition, any other governmental or enterprise fund that the city believes is particularly important to financial statement users may be reported as a major fund.

Separate financial statements are provided for governmental funds, proprietary funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

The city reports the following major governmental funds:

- General Fund - accounts for the city's primary operating activities. It is used to account for and report all financial resources except those accounted for and reported in another fund.
- General Debt Service Fund - used to account for and report financial resources that are restricted, committed, or assigned to expenditures for the payment of general long-term debt principal, interest, and related costs, other than TID or enterprise debt.
- General Capital Projects Fund - used to account for and report financial resources that are restricted, committed, or assigned to expenditures for capital outlays, including the acquisition or construction of capital facilities and other capital assets.

The city reports the following major enterprise funds:

- Sun Prairie Utilities - accounts for operations of the electric and water system
- Wastewater Utility - accounts for operations of the wastewater system
- Stormwater Utility - accounts for operations of the stormwater system

NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS (cont.)

Fund Financial Statements (cont.)

The city reports the following nonmajor governmental funds:

Special Revenue Funds - used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditures for specified purposes (other than debt service or capital projects).

Park Improvement Fund	Grant Funds
Wisconsin Development Fund	Library
Transportation Impact Fee Fund	Sun Prairie Media Center
Refuse and Recycling	Street Trees

Debt Service Funds - used to account for and report financial resources that are restricted, committed, or assigned to expenditure for the payment of general long-term debt principal, interest, and related costs.

Tax Incremental District (TID) No. 6

Capital Projects Funds - used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets.

Tax Incremental District (TID) No. 8	Tax Incremental District (TID) No. 12
Tax Incremental District (TID) No. 9	Tax Incremental District (TID) No. 13
Tax Incremental District (TID) No. 11	Development Projects

Permanent Funds - used to account for and report resources that are restricted to the extent that only earnings, and not principal, may be used for purposes that support the reporting government's programs, that is, for the benefit of the government or its citizenry.

Ashley Trust Fund	Library Trust Fund
-------------------	--------------------

In addition, the city reports the following fund types:

Internal Service Fund - used to account for and report the financing of goods or services provided by one department or agency to other departments or agencies of the city, or to other governmental units, on a cost-reimbursement basis.

Fleet

Fund Financial Statements (cont.)

Pension (and Other Employee Benefit) Trust Funds - used to account for and report resources that are required to be held in trust for the members and beneficiaries of defined benefit pension plans, defined contribution plans, other postemployment benefit plans, or other employee benefit plans.

Utilities Pension Trust Fund

Agency Funds - used to account for and report assets held by the city in a trustee capacity or as an agent for individuals, private organizations, and/or other governmental units.

Tax Collection Fund

Multijurisdictional Public Safety Information
System Commission (MPSISC)

C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION

Government-Wide Financial Statements

The government-wide statement of net position and statement of activities are reported using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used. Revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place. Property taxes are recognized as revenues in the year for which they are levied. Taxes receivable for the following year are recorded as receivables and deferred inflows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider are met. Special assessments are recorded as revenue when earned. Unbilled receivables are recorded as revenues when services are provided.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the city's utility funds and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Fund Financial Statements

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recorded when they are both measurable and available. Available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. For this purpose, the city considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures are recorded when the related fund liability is incurred, except for unmatured interest on long-term debt, claims, judgments, compensated absences, and pension expenditures, which are recorded as a fund liability when expected to be paid with expendable available financial resources.

CITY OF SUN PRAIRIE

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2018

NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION (cont.)

Fund Financial Statements (cont.)

Property taxes are recorded in the year levied as receivables and deferred inflows. They are recognized as revenues in the succeeding year when services financed by the levy are being provided.

Intergovernmental aids and grants are recognized as revenues in the period the city is entitled the resources and the amounts are available. Amounts owed to the city which are not available are recorded as receivables and unavailable revenues. Amounts received before eligibility requirements (excluding time requirements) are met are recorded as liabilities. Amounts received in advance of meeting time requirements are recorded as deferred inflows.

Special assessments are recorded as revenues when they become measurable and available as current assets. Annual installments due in future years are reflected as receivables and unavailable revenues. Delinquent special assessments being held by the county are reported as receivables and unavailable revenues. At December 31, 2018, there were \$63,821 of unrecorded anticipated future assessments related to the wastewater and stormwater utility funds, which are not recorded as receivables because collection is subject to certain events occurring in the future. No formal repayment schedule has been established.

Revenues susceptible to accrual include property taxes, miscellaneous taxes, public charges for services, special assessments and interest. Other general revenues such as fines and forfeitures, inspection fees, recreation fees, and miscellaneous revenues are recognized when received in cash or when measurable and available under the criteria described above.

Proprietary and fiduciary fund financial statements (other than agency funds) are reported using the economic resources measurement focus and the accrual basis of accounting, as described previously in this note. Agency funds follow the accrual basis of accounting, and do not have a measurement focus.

The proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Sun Prairie Utilities, wastewater utility, and stormwater utility are charges to customers for sales and services. Special assessments are recorded as receivables and contribution revenue when levied. Operating expenses for proprietary funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

All Financial Statements

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows of resources, liabilities, and deferred inflows of resources and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

CITY OF SUN PRAIRIE

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2018

NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

D. ASSETS, DEFERRED OUTFLOWS OF RESOURCES, LIABILITIES, DEFERRED INFLOWS OF RESOURCES, AND NET POSITION OR EQUITY

1. Deposits and Investments

For purposes of the statement of cash flows, the city considers all highly liquid investments with an initial maturity of three months or less when acquired to be cash equivalents.

Investment of city funds is restricted by Wisconsin state statutes. Available investments are limited to:

- a. Time deposits in any credit union, bank, savings bank or trust company.
- b. Bonds or securities of any county, city, drainage district, technical college district, village, town, or school district of the state. Also, bonds issued by a local exposition district, a local professional baseball park district, a local professional football stadium district, a local cultural arts district, the University of Wisconsin Hospitals and Clinics Authority, or the Wisconsin Aerospace Authority.
- c. Bonds or securities issued or guaranteed by the federal government.
- d. The local government investment pool.
- e. Any security maturing in seven years or less and having the highest or second highest rating category of a nationally recognized rating agency.
- f. Securities of an open-end management investment company or investment trust, subject to various conditions and investment options.
- g. Repurchase agreements with public depositories, with certain conditions.

Investment of most trust funds including cemetery perpetual care funds, is regulated by Chapter 881 of the Wisconsin Statutes. Investment of library trust funds is regulated by Chapter 112. Those sections give broad authority to use such funds to acquire various kinds of investments including stocks, bonds and debentures.

The city has adopted an investment policy. That policy contains the following guidelines for allowable investments: obligations of the U.S. Government; obligations of U.S. Government agencies; time deposits (defined as savings accounts or certificates of deposit); and overnight repurchase agreements, whereby the seller will agree to purchase U.S. Government securities, commercial paper with satisfactory or superior rating, LGIP and MBIA through institutions federally insured through FDIC.

Custodial Credit Risk - The city's investment policy states that all deposits and investments of the city shall be secured by pledged collateral in an amount equal to at least 100%, but not more than 105%, of the total investment less the amount covered by FDIC or the State Deposit Guarantee Fund. The city is not in compliance with this policy per Note III.A. The policy also states that the city shall not invest more than 50% of its funds in any one institution unless the investments are in U.S. Government securities, obligation of U.S. Government agencies, and LGIP and limits the term on investments to no more than three years.

CITY OF SUN PRAIRIE

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2018

NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

D. ASSETS, DEFERRED OUTFLOWS OF RESOURCES, LIABILITIES, DEFERRED INFLOWS OF RESOURCES, AND NET POSITION OR EQUITY (cont.)

1. Deposits and Investments (cont.)

Credit Risk - The city's investment policy states that the city will minimize credit risk, which is the risk of loss due to the failure of the security issuer or backer, by: limiting investments to the types of securities governed by Wisconsin state statute 66.04(2), pre-qualifying the financial institutions, broker/dealers, intermediaries, and advisors with which the city will do business, and by diversifying the investment portfolio so that the impact of potential losses from any one type of security or from any one individual issuer will be minimized.

Interest Rate Risk - The city's investment policy states that the city will minimize interest rate risk, which is the risk that the market value of securities in the portfolio will fall due to changes in market value interest rates, by: structuring the investment portfolio so that securities mature to meet cash requirements for ongoing operations, thereby avoiding the need to sell securities on the open market prior to maturity and by investing operating funds primarily in short-term securities, money market mutual funds, or similar investment pools and limiting the average maturity of the portfolio in accordance with policy.

Investments are stated at fair value, which is the amount at which an investment could be exchanged in a current transaction between willing parties. Fair values are based on methods and inputs as outlined in Note III.A. No investments are reported at amortized cost. Adjustments necessary to record investments at fair value are recorded in the operating statement as increases or decreases in investment income. Investment income on commingled investments of municipal accounting funds is allocated based on average balances. The difference between the bank statement balance and carrying value is due to outstanding checks and/or deposits in transit.

The Wisconsin Local Government Investment Pool (LGIP) is part of the State Investment Fund (SIF), and is managed by the State of Wisconsin Investment Board. The SIF is not registered with the Securities and Exchange Commission, but operates under the statutory authority of Wisconsin Chapter 25. The SIF reports the fair value of its underlying assets annually. Participants in the LGIP have the right to withdraw their funds in total on one day's notice. At December 31, 2018, the fair value of the city's share of the LGIP's assets was substantially equal to the amount as reported in these statements.

See Note III. A. for further information.

2. Receivables

Property taxes are levied in December on the assessed value as of the prior January 1. In addition to property taxes for the city, taxes are collected for and remitted to the state and county governments as well as the local school district and technical college district. Taxes for all state and local governmental units billed in the current year for the succeeding year are reflected as receivables and due to other taxing units on the accompanying statement of net position - fiduciary funds.

CITY OF SUN PRAIRIE

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2018

NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

D. ASSETS, DEFERRED OUTFLOWS OF RESOURCES, LIABILITIES, DEFERRED INFLOWS OF RESOURCES, AND NET POSITION OR EQUITY (cont.)

2. Receivables (cont.)

Property tax calendar - 2018 tax roll:

Lien date and levy date	December 2018
Tax bills mailed	December 2018
Payment in full, or	January 31, 2019
First installment due	January 31, 2019
Second installment due	July 31, 2019
Personal property taxes in full	January 31, 2019
Tax sale - 2018 delinquent real estate taxes	October 2021

Accounts receivable in the general fund have been shown net of an allowance for uncollectible accounts in the amount of \$267,949. Delinquent real estate taxes as of July 31 are paid in full by the county, which assumes the collection thereof. No provision for uncollectible accounts receivable has been made for the Sun Prairie Utilities, wastewater utility, and stormwater utility because they have the right by law to place substantially all delinquent bills on the tax roll, and other delinquent bills are generally not significant.

During the course of operations, transactions occur between individual funds that may result in amounts owed between funds. Short-term interfund loans are reported as "due to and from other funds." Long-term interfund loans (noncurrent portion) are reported as "advances from and to other funds." Interfund receivables and payables between funds within governmental activities are eliminated in the statement of net position. Any residual balances outstanding between the governmental activities and business-type activities are reported in the governmental-wide financial statements as internal balances.

In the governmental fund financial statements, advances to other funds are offset equally by a nonspendable fund balance account which indicates that they do not constitute expendable available financial resources and, therefore, are not available for appropriation or by a restricted fund balance account, if the funds will ultimately be restricted when the advance is repaid.

The city has received federal and state grant funds for economic development loan programs to various businesses and individuals. The city records a loan receivable when the loan has been made and funds have been disbursed.

It is the city's policy to record revenue when the initial loan is made from the federal and state grant funds. The net amount of the loan receivable balance is included in restricted fund balance. Interest received from loan repayments is recognized as revenue when received in cash. Any unspent loan repayments at year end are presented as restricted fund balance in the fund financial statements.

CITY OF SUN PRAIRIE

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2018

NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

D. ASSETS, DEFERRED OUTFLOWS OF RESOURCES, LIABILITIES, DEFERRED INFLOWS OF RESOURCES, AND NET POSITION OR EQUITY (cont.)

3. Inventories and Prepaid Items

Governmental fund inventories, if material, are recorded at cost based on the average cost method using the consumption method of accounting. Proprietary fund inventories are generally used for construction and/or for operation and maintenance work. They are not for resale. They are valued at cost based on weighted average, and charged to construction and/or operation and maintenance expense when used.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

4. Restricted Assets

Mandatory segregations of assets are presented as restricted assets. Such segregations are required by bond agreements and other external parties. Current liabilities payable from these restricted assets are so classified. The excess of restricted assets over current liabilities payable from restricted assets will be used first for retirement of related long-term debt. The remainder, if generated from earnings, is shown as restricted net position.

5. Capital Assets

Government-Wide Statements

Capital assets, which include property, plant and equipment, are reported in the government-wide financial statements. Capital assets are defined by the government as assets with an initial cost of more than \$5,000 for general capital assets and \$50,000 for infrastructure assets, and an estimated useful life in excess of one year. All capital assets are valued at historical cost, or estimated historical cost if actual amounts are unavailable. Donated capital assets are recorded at their estimated acquisition value at the date of donation.

Additions to and replacements of capital assets of business-type activities are recorded at original cost, which includes material, labor, overhead, and an allowance for the cost of funds used during construction when significant. For tax-exempt debt, the amount of interest capitalized equals the interest expense incurred during construction netted against any interest revenue from temporary investment of borrowed fund proceeds. No interest was capitalized during the current year. The cost of renewals and betterments relating to retirement units is added to plant accounts. The cost of property replaced, retired or otherwise disposed of, is deducted from plant accounts and, generally, together with removal costs less salvage, is charged to accumulated depreciation.

CITY OF SUN PRAIRIE

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2018

NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

D. ASSETS, DEFERRED OUTFLOWS OF RESOURCES, LIABILITIES, DEFERRED INFLOWS OF RESOURCES, AND NET POSITION OR EQUITY (cont.)

5. Capital Assets (cont.)

Government-Wide Statements (cont.)

Depreciation of all exhaustible capital assets is recorded as an allocated expense in the statement of activities, with accumulated depreciation reflected in the statement of net position. Depreciation is provided over the assets' estimated useful lives using the straight-line method. The range of estimated useful lives by type of asset is as follows:

Buildings	10-40 Years
Land Improvements	20 Years
Machinery and Equipment	3-20 Years
Utility System	5-100 Years
Infrastructure	30-50 Years

Fund Financial Statements

In the fund financial statements, capital assets used in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition. Capital assets used in proprietary fund operations are accounted for the same way as in the government-wide statements.

6. Other Assets

The Sun Prairie Utilities is a member of the American Transmission Company (ATC). ATC was formed by approximately 25 utilities to plan, construct, maintain, monitor, and own electric transmission facilities in Wisconsin. The utility owns slightly more than one half of 1 percent of ATC. The investment earns dividends quarterly, some of which is paid in cash and some of which is required to be reinvested. From time to time, the utility has the option to contribute additional funds to maintain their proportionate share of ownership. The asset is valued as original cost plus additional contributions and reinvested dividends.

Nonutility property in the Sun Prairie Utilities consists of a house and the land with a balance (net of depreciation) of \$52,651 at December 31, 2018.

Property held for future use in the Sun Prairie Utilities has a balance of \$16,854 at year end and is land to be used for a possible future substation. It is owned by the utility but not currently used during the course of operations.

The plant expansion account of the wastewater utility holds fees collected from customers for connection to the system that have been designated by council for future plant expansion. The balance of this account at December 31, 2018, was \$6,386,138.

CITY OF SUN PRAIRIE

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2018

NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

D. ASSETS, DEFERRED OUTFLOWS OF RESOURCES, LIABILITIES, DEFERRED INFLOWS OF RESOURCES, AND NET POSITION OR EQUITY (cont.)

6. Other Assets (cont.)

The interceptor account in the wastewater utility is designated for future construction and debt service of wastewater collection interceptors. The balance of this account as of December 31, 2018, was \$1,910,140.

The lift station fees receivable are costs expected to be recovered in future periods from other developments using the wastewater utility lift station. Initially, the wastewater utility paid developers of the Hickory Grove lift station for capital costs to serve other areas.

Land held for resale in the governmental activities is valued at the lower of historical cost or market.

7. Deferred Outflows of Resources

A deferred outflow of resources represents a consumption of net position/fund balance that applies to a future period and will not be recognized as an outflow of resources (expense/expenditure) until that future time.

A deferred charge on refunding arises from the advance refunding of debt. The difference between the cost of the securities placed in trust for future payments of the refunded debt and the net carrying value of that debt is deferred and amortized as a component of interest expense over the shorter of the term of the refunding issue or the original term of the refunded debt. The unamortized amount is reported as a deferred outflow of resources in the CDA financial statements.

8. Compensated Absences

Under terms of employment, employees are granted sick leave and vacations in varying amounts. Only benefits considered to be vested are disclosed in these statements.

All vested vacation and sick leave pay is accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements, and are payable with expendable resources.

Payments for vacation and sick leave will be made at rates in effect when the benefits are used. Accumulated vacation and sick leave liabilities at December 31, 2018, are determined on the basis of current salary rates and include salary related payments.

9. Long-Term Obligations/Conduit Debt

All long-term obligations to be repaid from governmental and business-type resources are reported as liabilities in the government-wide statements. The long-term obligations consist primarily of notes and bonds payable, capital leases and accrued compensated absences.

CITY OF SUN PRAIRIE

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2018

NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

D. ASSETS, DEFERRED OUTFLOWS OF RESOURCES, LIABILITIES, DEFERRED INFLOWS OF RESOURCES, AND NET POSITION OR EQUITY (cont.)

9. Long-Term Obligations/Conduit Debt (cont.)

Long-term obligations for governmental funds are not reported as liabilities in the fund financial statements. The face value of debts (plus any premiums) are reported as other financing sources and payments of principal and interest are reported as expenditures. The accounting in proprietary funds is the same as it is in the government-wide statements.

For the government-wide statements and proprietary fund statements, bond premiums and discounts are amortized over the life of the issue using the effective interest method. The balance at year end is shown as an increase or decrease in the liability section of the statement of net position.

The city has approved the issuance of industrial revenue bonds (IRB) for the benefit of private business enterprises. IRB's are secured by mortgages or revenue agreements on the associated projects, and do not constitute indebtedness of the city. Accordingly, the bonds are not reported as liabilities in the accompanying financial statements. The total amount of IRB's outstanding at the end of the year is approximately \$19,250,041, made up of three issues.

10. Deferred Inflows of Resources

A deferred inflow of resources represents an acquisition of net position/fund balance that applies to a future period and therefore will not be recognized as an inflow of resources (revenue) until that future time.

11. Equity Classifications

Government-Wide Statements

Equity is classified as net position and displayed in three components:

- a. Net investment in capital assets - Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances (excluding unspent debt proceeds) of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- b. Restricted net position - Consists of net position with constraints placed on their use either by 1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments or, 2) law through constitutional provisions or enabling legislation.
- c. Unrestricted net position - All other net positions that do not meet the definitions of "restricted" or "net investment in capital assets."

When both restricted and unrestricted resources are available for use, it is the city's policy to use restricted resources first, then unrestricted resources as they are needed.

CITY OF SUN PRAIRIE

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2018

NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

D. ASSETS, DEFERRED OUTFLOWS OF RESOURCES, LIABILITIES, DEFERRED INFLOWS OF RESOURCES, AND NET POSITION OR EQUITY (cont.)

11. Equity Classifications (cont.)

Fund Statements

Governmental fund balances are displayed as follows:

- a. Nonspendable - Includes fund balance amounts that cannot be spent either because they are not in spendable form or because legal or contractual requirements require them to be maintained intact.
- b. Restricted - Consists of fund balances with constraints placed on their use either by 1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments or 2) law through constitutional provisions or enabling legislation.
- c. Committed - Includes fund balance amounts that are constrained for specific purposes that are internally imposed by the government through formal action of the highest level of decision making authority. Fund balance amounts are committed through a formal action (resolution) of the City Council. This formal action must occur prior to the end of the reporting period, but the amount of the commitment, which will be subject to the constraints, may be determined in the subsequent period. Any changes to the constraints imposed require the same formal action of the City Council that originally created the commitment.
- d. Assigned - Includes spendable fund balance amounts that are intended to be used for specific purposes that do not meet the criteria to be classified as restricted or committed. The Council may take official action to assign amounts. Assignments may take place after the end of the reporting period.
- e. Unassigned - Includes residual positive fund balance within the general fund which has not been classified within the other above mentioned categories. Unassigned fund balance may also include negative balances for any governmental fund if expenditures exceed amounts restricted, committed, or assigned for those purposes.

Proprietary fund equity is classified the same as in the government-wide statements.

The city considers restricted amounts to be spent first when both restricted and unrestricted fund balance is available unless there are legal documents / contracts that prohibit doing this, such as in grant agreements requiring dollar for dollar spending. Additionally, the city would first use committed, then assigned and lastly unassigned amounts of unrestricted fund balance when expenditures are made.

CITY OF SUN PRAIRIE

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2018

NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

D. ASSETS, DEFERRED OUTFLOWS OF RESOURCES, LIABILITIES, DEFERRED INFLOWS OF RESOURCES, AND NET POSITION OR EQUITY (cont.)

11. Equity Classifications (cont.)

Fund Statements (cont.)

The Council has formally established stabilization and emergency reserve funds. The stabilization and emergency reserve funds are contained as unassigned fund balances within the general fund. The stabilization fund shall not be used except to maintain current service levels or to help transition slower expenditure growth in response to a decrease in general fund non-property tax revenues. The emergency reserve fund shall be used to respond to one-time unforeseen emergencies. Additions to the stabilization and emergency reserve funds are required when the fund balance for each declines below 6% of the prior year's budgeted general fund revenues.

The city has a formal minimum fund balance policy. That policy is to maintain a working capital fund of 16%-20% of the prior year's budgeted general fund revenues. The balance at year end was \$3,078,057 or 15%, and is reported as unassigned general fund balance.

See Note III. H. for further information.

12. Pension

For purposes of measuring the net pension (asset) liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Sun Prairie Utilities employees' Pension Plan ("plan") / Wisconsin Retirement System (WRS) and additions to/deductions from the plan's / WRS' fiduciary net position have been determined on the same basis as they are reported by the plan / WRS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

CITY OF SUN PRAIRIE

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2018

NOTE I - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

D. ASSETS, DEFERRED OUTFLOWS OF RESOURCES, LIABILITIES, DEFERRED INFLOWS OF RESOURCES, AND NET POSITION OR EQUITY (cont.)

13. Basis for Existing Rates

Sun Prairie Utilities

Current electric rates were approved by the PSCW on June 16, 2016, effective as of July 2, 2016.

Current water rates were approved by the PSCW on December 3, 2015, and effective as of January 6, 2016.

Wastewater Utility

Current wastewater rates were approved by the city council effective January 1, 2018.

Stormwater Utility

Current stormwater rates were approved by the city council effective July 1, 2017.

NOTE II - STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

A. EXCESS EXPENDITURES AND OTHER FINANCING USES OVER APPROPRIATIONS

<u>Funds</u>	<u>Budgeted Expenditures and Other Financing Uses</u>	<u>Actual Expenditures and Other Financing Uses</u>	<u>Excess Expenditures and Other Financing Uses Over Budget</u>
Transportation impact fee - special revenue	\$ 1,639,719	\$ 1,791,147	\$ 151,428
TID No. 8 - capital project	1,873,873	2,121,753	247,880
TID No. 9 - capital project	1,052,053	1,161,323	109,270
TID No. 11 - capital project	23,448	27,180	3,732
Library trust - permanent	17,000	71,400	54,400

The city controls expenditures at the department level. Some individual departments experienced expenditures which exceeded appropriations. The detail of those items can be found in the city's year-end budget to actual report.

CITY OF SUN PRAIRIE

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2018

NOTE II - STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY (cont.)

B. DEFICIT BALANCES

Generally accepted accounting principles require disclosure of individual funds that have deficit balances at year end.

As of December 31, 2018, the following individual funds held a deficit balance:

Fund	Amount	Reason
TID No. 6 - debt service	\$ 254,155	Excess expenditures over revenues
TID No. 8 - capital project	1,386,912	Excess expenditures over revenues
TID No. 9 - capital project	714,542	Excess expenditures over revenues
TID No. 12 - capital project	463,346	Excess expenditures over revenues
Development projects - capital project	326,798	Timing of recording revenue for the chargeback of expenditures

TIF district deficits are anticipated to be funded with future incremental taxes levied over the life of the districts, which is 27 years for the districts created before October 1, 1995, and 23 years for districts created thereafter through September 30, 2004. Beginning October 1, 2004, the life of new districts varies by type of district (20-27 years) and may be extended in some cases. Other fund deficits are anticipated to be funded with grant funding, future contributions, general tax revenues, or long-term borrowing.

C. LIMITATIONS ON THE CITY'S TAX LEVY

Wisconsin law limits the city's future tax levies. Generally the city is limited to its prior tax levy dollar amount (excluding TIF Districts), increased by the greater of the percentage change in the city's equalized value due to new construction or zero percent. Changes in debt service from one year to the next are generally exempt from this limit with certain exceptions. The city is required to reduce its allowable levy by the estimated amount of fee revenue it collects for certain services, if those services were funded in 2013 by the property tax levy. Levies can be increased above the allowable limits if the amount is approved by referendum.

CITY OF SUN PRAIRIE

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2018

NOTE III - DETAILED NOTES ON ALL FUNDS

A. DEPOSITS AND INVESTMENTS

The city's deposits and investments at year end were comprised of the following:

	Carrying Value	Statement Balances	Associated Risks
Demand deposits	\$ 44,194,413	\$ 44,427,571	Custodial credit
US agencies - implicitly guaranteed	247,988	247,987	Credit, custodial credit, interest rate
Certificates of deposit - negotiable	4,961,209	4,961,209	Credit, custodial credit, interest rate
Mutual funds - other than bond funds	4,372,073	4,372,073	N/A
LGIP	32,876,903	32,876,903	Credit risk
Petty cash	10,820	-	N/A
Total Deposits and Investments	<u>\$ 86,663,406</u>	<u>\$ 86,885,743</u>	
Reconciliation to financial statements			
Per statement of net position			
Unrestricted cash and investments	\$ 39,050,571		
Restricted cash and investments	13,598,304		
Per statement of net position - fiduciary funds			
Pension Trust Fund	2,445,364		
Agency Funds	<u>31,569,167</u>		
Total Deposits and Investments	<u>\$ 86,663,406</u>		

Deposits in each local and area bank are insured by the FDIC in the amount of \$250,000 for time and savings accounts (including NOW accounts) and \$250,000 for demand deposit accounts (interest-bearing and noninterest-bearing). In addition, if deposits are held in an institution outside of the state in which the government is located, insured amounts are further limited to a total of \$250,000 for the combined amount of all deposit accounts.

Bank accounts are also insured by the State Deposit Guarantee Fund in the amount of \$400,000. However, due to the nature of this fund, recovery of material principal losses may not be significant to individual municipalities. This coverage has been considered in computing custodial credit risk.

The Securities Investor Protection Corporation (SIPC), created by the Securities Investor Protection Act of 1970, is an independent government-sponsored corporation (not an agency of the U.S. government).

SIPC membership provides account protection up to a maximum of \$500,000 per customer, of which \$100,000 may be in cash. \$1,341,264 of the city's investments are covered by SIPC.

CITY OF SUN PRAIRIE

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2018

NOTE III - DETAILED NOTES ON ALL FUNDS (cont.)

A. DEPOSITS AND INVESTMENTS (cont.)

The city maintains collateral agreements with its banks. At December 31, 2018, the banks had pledged various government securities in the amount of \$13,547,419 to secure the city's deposits.

The city categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

The valuation methods for recurring fair value measurements are as follows:

- > Quoted market pricing for identical assets
- > Yield scales and bond evaluation models for similar assets that have recently traded

Investment Type	December 31, 2018			
	Level 1	Level 2	Level 3	Total
US agencies - implicitly guaranteed	\$ -	\$ 247,988	\$ -	\$ 247,988
Certificates of deposit - negotiable	-	4,961,209	-	4,961,209
Mutual funds - other than bond funds	<u>2,445,364</u>	<u>1,926,709</u>	-	<u>4,372,073</u>
Total	<u>\$ 2,445,364</u>	<u>\$ 7,135,906</u>	<u>\$ -</u>	<u>\$ 9,581,270</u>

Custodial Credit Risk

Deposits

Custodial credit risk is the risk that in the event of a financial institution failure, the city's deposits may not be returned to the city.

As of December 31, 2018, \$641,997 of the city's total bank balances were exposed to custodial credit risk as follows:

Uninsured and uncollateralized	<u>\$ 641,997</u>
--------------------------------	-------------------

Investments

For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the city will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party.

The city does not have any investments exposed to custodial credit risk.

CITY OF SUN PRAIRIE

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2018

NOTE III - DETAILED NOTES ON ALL FUNDS (cont.)

A. DEPOSITS AND INVESTMENTS (cont.)

Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations.

As of December 31, 2018, the city's investments were rated as follows:

<u>Investment Type</u>	<u>Standard & Poors</u>	<u>Moody's Investors Services</u>	<u>Not Rated</u>
US agencies - implicitly guaranteed	AA+	Aaa	N/A
Certificates of deposit - negotiable	N/A	N/A	X

The city also held investments in the following external pool which is not rated:

Local Government Investment Pool

Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the value of an investment.

As of December 31, 2018, the city's investments were as follows:

<u>Investment Type</u>	<u>Fair Value</u>	<u>Less than 1-4 years</u>	<u>1-4 years</u>
US agencies - implicitly guaranteed	\$ 247,988	\$ 247,988	\$ -
Certificates of deposit - negotiable	<u>4,961,209</u>	<u>3,255,343</u>	<u>1,705,866</u>
Totals	<u>\$ 5,209,197</u>	<u>\$ 3,503,331</u>	<u>\$ 1,705,866</u>

See Note I.D.1. for further information on deposit and investment policies.

B. RECEIVABLES

All of the receivables on the balance sheet are expected to be collected within one year except for delinquent items in the general fund in the amount of \$15,647, and special assessments of \$17,467 and \$566,750 in the general debt service fund and general capital projects fund, respectively.

CITY OF SUN PRAIRIE

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2018

NOTE III - DETAILED NOTES ON ALL FUNDS (cont.)

B. RECEIVABLES (cont.)

Governmental funds report *unavailable or unearned revenue* in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Property taxes levied for the subsequent year are not earned and cannot be used to liquidate liabilities of the current period. Governmental funds also defer revenue recognition in connection with resources that have been received, but not yet earned. At the end of the current fiscal year, the various components of *unavailable revenue* and *unearned revenue* reported in the governmental funds were as follows:

	<u>Unearned</u>	<u>Unavailable</u>
Property taxes receivable for subsequent year	\$ 28,748,759	\$ -
Special assessments not yet due	-	169,454
Ambulance receivables	-	293,786
Grants	-	51,991
Other accounts receivable	<u>-</u>	<u>152,471</u>
 Total Unearned/Unavailable Revenue for Governmental Funds	 <u>\$ 28,748,759</u>	 <u>\$ 667,702</u>

C. RESTRICTED ASSETS

The following represent the balances of the restricted assets:

Long-Term Debt Accounts

- Redemption - Used to segregate resources accumulated for debt service payments over the next twelve months.
- Reserve - Used to report resources set aside to make up potential future deficiencies in the redemption account.
- Construction - Used to report debt proceeds that are restricted for use in construction.

Equipment Replacement Account

The wastewater utility established an equipment replacement account to be used for significant mechanical equipment replacement as required by the Wisconsin Department of Natural Resources.

Net Pension Asset

Restricted assets have been reported in connection with the net pension asset balance since this balance must be used to fund employee benefits.

CITY OF SUN PRAIRIE

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2018

NOTE III - DETAILED NOTES ON ALL FUNDS (cont.)

C. RESTRICTED ASSETS (cont.)

Following is a list of restricted assets at December 31, 2018:

	Governmental Activities	Business-type Activities
Reserve account	\$ 287,226	\$ 662,069
Replacement account		3,155,920
Construction account	-	6,733,953
Redemption account	-	1,193,724
Net pension asset	<u>1,526,550</u>	<u>98,675</u>
Total	<u>\$ 1,813,776</u>	<u>\$ 11,844,341</u>

D. CAPITAL ASSETS

Capital asset activity for the year ended December 31, 2018, was as follows:

	Beginning Balance	Additions	Deletions	Ending Balance
Governmental Activities				
Capital assets not being depreciated				
Land and non-depreciable improvements	\$ 41,108,365	\$ 2,165,324	\$ 42,243	\$ 43,231,446

NOTE III - DETAILED NOTES ON ALL FUNDS (cont.)

D. CAPITAL ASSETS (cont.)

Depreciation expense was charged to functions as follows:

Business-type Activities

Electric	\$ 1,649,878
Water	993,899
Wastewater	1,406,327
Stormwater	<u>971,748</u>

Total Business-type Activities Depreciation Expense	<u><u>\$ 5,021,852</u></u>
---	----------------------------

Depreciation expense is different from accumulated depreciation additions and capital asset deletions are different from accumulated depreciation deletions because of joint metering, salvage cost of removal, internal allocations, and cost associated with the disposal of assets.

NOTE III - DETAILED NOTES ON ALL FUNDS (cont.)

E. INTERFUND RECEIVABLES/PAYABLES, ADVANCES AND TRANSFERS (cont.)

Interfund Receivables/Payables (cont.)

Balances resulted from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made.

Advances

The general fund is advancing funds to TID No. 8, TID No. 9, TID No. 12, and TID No. 13. The amount advanced is determined by the deficiency of revenues over expenditures and other financing uses since the district's inception. No repayment schedules have been established. The wastewater utility is advancing funds to TID No. 6. No formal repayment schedule has been established.

The following is a schedule of interfund advances:

Receivable Fund	Payable Fund	Amount	Amount Not Due Within One Year
General	TID No. 8 - capital project	\$ 1,391,191	\$ 1,391,191
General	TID No. 9 - capital project	714,542	714,542

CITY OF SUN PRAIRIE

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2018

NOTE III - DETAILED NOTES ON ALL FUNDS (cont.)

F. LONG-TERM OBLIGATIONS (cont.)

In accordance with Wisconsin Statutes, total general obligation indebtedness of the city may not exceed 5% of the equalized value of taxable property within the city's jurisdiction. The debt limit as of December 31, 2018, was \$165,505,585. Total general obligation debt outstanding at year end was \$72,772,859.

General Obligation Debt

All general obligation notes and bonds payable are backed by the full faith and credit of the city. Notes and bonds in the governmental funds will be retired by future property tax levies or tax increments accumulated by the debt service fund. Business-type activities debt is payable by revenues from user fees of those funds or, if the revenues are not sufficient, by future tax levies.

Revenue Debt

Business-type activities revenue bonds are payable only from revenues derived from the operation of the electric, water, and wastewater utilities.

CITY OF SUN PRAIRIE

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2018

NOTE III - DETAILED NOTES ON ALL FUNDS (cont.)

F. LONG-TERM OBLIGATIONS (cont.)

Revenue Debt (cont.)

The Sun Prairie Utilities has pledged future sales revenues, net of specified operating expenses, to repay revenue bonds issued in between 2008-2014. Proceeds from the bonds provided financing for the electric and water systems. The bonds are payable solely from sales revenues and are payable through 2034. Annual principal and interest payments on the bonds are expected to require 7% of net revenues. The total principal and interest remaining to be paid on the bonds is \$8,008,030. Principal and interest paid for the current year and total customer net revenues were \$1,192,828 and \$6,272,332, respectively.

The wastewater utility has pledged future sales revenues, net of specified operating expenses, to repay \$15.8 million in sales revenue bonds issued in 2005. Proceeds from the bonds provided financing for the wastewater system. The bonds are payable solely from sales revenues and are payable through 2025. Annual principal and interest payments on the bonds are expected to require 22% of gross revenues. The total principal and interest remaining to be paid on the bonds is \$7,245,836. Principal and interest paid for the current year and total customer gross revenues were \$1,036,374 and \$5,480,932, respectively.

Revenue debt payable at December 31, 2018, consists of the following:

Business-type Activities Revenue Debt

Capital Leases

Refer to Note III. G.

Other Debt Information

Estimated payments of compensated absences and the net pension liability are not included in the debt service requirement schedules. The compensated absences liability attributable to governmental activities will be liquidated primarily by the general fund.

Under terms of the resolutions providing for the issuance of utility revenue bonds, revenues less operating expenses excluding depreciation (defined net earnings) must exceed 1.10 times the highest annual debt service of the bonds. The coverage only includes revenue debt and does not include general obligation or other debt. The coverage requirement was met in 2018 for the Sun Prairie Utilities as well as the wastewater utility.

A statutory mortgage lien upon the utility's system and any additions, improvements and extensions thereto is created by Section 66.0621 of the Wisconsin Statutes as provided for in the ordinances creating the revenue bond issue. The utility's system and the earnings of the system remain subject to the lien until payment in full of the principal and interest on the bonds.

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2018

NOTE III - DETAILED NOTES ON ALL FUNDS (cont.)

G. LEASE DISCLOSURES

Lessee - Capital Leases

The City of Sun Prairie has entered into agreements with the Community Development Authority of the City of Sun Prairie (CDA) for certain property and improvements in TID No. 6, No. 7, and No. 8. In 2001, 2003, 2005, 2006, and 2009 the CDA issued lease revenue bonds totaling \$7,665,000, \$2,500,000, \$10,965,000, \$3,865,000 and \$6,300,000, respectively. In 2014, the CDA advance refunded \$12,290,000 of the lease revenue bonds with a new lease revenue bond in the amount of \$12,785,000. All remaining lease obligations relate to TID No. 8. The city expects that TID No. 8 revenues will be sufficient to make the lease payments to the CDA.

The future minimum lease obligations and the net present value on these minimum lease payments as of December 31, 2018, are as follows:

Years	Governmental Activities		
	Principal	Interest	Totals
2019	\$ 1,370,000	\$ 165,203	\$ 1,535,203
2020	1,390,000	147,393	1,537,393
2021	1,410,000	125,153	1,535,153
2022	1,440,000	99,068	1,539,068
2023	1,438,229	69,548	1,507,777
Totals	<u>\$ 7,048,229</u>	<u>\$ 606,365</u>	<u>\$ 7,654,594</u>

I. COMPONENT UNIT

COMMUNITY DEVELOPMENT AUTHORITY

This report contains the Community Development Authority (CDA), which is included as a component unit.

In addition to the basic financial statements and the preceding notes to financial statements which apply, the following additional disclosures are considered necessary for a fair presentation.

a. Basis of Accounting/Measurement Focus

The CDA follows the full accrual basis of accounting and the flow of economic resources measurement focus.

b. Deposits and Investments

	<u>Carrying Value</u>	<u>Statement Balances</u>	<u>Associated Risks</u>
Mutual funds - other than bond funds	<u>\$ 1,565,412</u>	<u>\$ 1,565,412</u>	N/A

The CDA categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

COMMUNITY DEVELOPMENT AUTHORITY (cont.)

b. Deposits and Investments (cont.)

The valuation methods for recurring fair value measurements are as follows:

- > Quoted market prices for identical assets

Investment Type	12/31/2018			
	Level 1	Level 2	Level 3	Total
Mutual funds - other than bond funds	<u>\$ 1,565,412</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 1,565,412</u>

Custodial Credit Risk

See Note I.D.1. for further information on deposit and investment policies.

c. Restricted Assets

Portions of the lease revenue bond proceeds were deposited into debt service redemption accounts and reserve accounts. The reserve accounts are resources set aside to make up potential future debt service deficiencies. The total of these accounts is \$1,565,412 at December 31, 2018, and is reported as restricted cash and investments in the CDA.

d. Long-Term Obligations

The CDA has pledged future lease revenues, net of specified operating expenses, to repay revenue bonds issued in 2014. Proceeds from the bonds provided financing for the various projects of the city. The bonds are payable solely from lease revenues and are payable through 2024. Annual principal and interest payments on the bonds are expected to require 100% of net revenues. The total principal and interest remaining to be paid on the bonds is \$9,242,725. Principal and interest paid for the current year and total customer net revenues were \$1,519,514 and \$183,502, respectively.

The CDA has issued Community Development Lease Revenue Bonds for the purpose of providing financing for the City of Sun Prairie's TID No. 6, No. 7, and No. 8. All of the debt proceeds were transferred to the TID's for the purpose of financing various TID projects.

	Beginning Balance	Increases	Decreases	Ending Balance	Amounts Due Within One Year

e. Employee Retirement System

The CDA has no employees.

NOTE IV - OTHER INFORMATION

A. SINGLE EMPLOYER PUBLIC EMPLOYEE RETIREMENT PLAN - SUN PRAIRIE UTILITIES

Plan Description

The utility contributes to the Sun Prairie Utilities' Employees' Pension Plan (Plan), a fiduciary fund, which is a single-employer public employee defined benefit retirement plan. The utility established the Plan to provide retirement benefits for employees of the utility. The Plan is governed by the utility commission, which has the right at any time and from time to time to amend the Plan. The Plan does not issue a standalone financial report and is not included in the report of another entity.

As of January 1, 2013, the Plan stopped allowing new entrants. Instead, the utility established a Defined Contribution Plan that new employees can join.

CITY OF SUN PRAIRIE

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2018

NOTE IV - OTHER INFORMATION (cont.)

A. SINGLE EMPLOYER PUBLIC EMPLOYEE RETIREMENT PLAN - SUN PRAIRIE UTILITIES (cont.)

Funding Policy

Employer contributions to the Plan are recognized on the accrual basis and are actuarially determined each year. The Plan does not permit employees to make contributions.

All full-time employees hired prior to January 1, 2013, over the age of 18, and having one year of service, are eligible to participate in the Plan. The normal retirement date is the first day of the month coincident with or following age 65. Employees are eligible for benefits after age 55 with a minimum service of 15 years. Benefits vest fully after five years of service after the age of 18 based on the Plan year periods. Eligible employees are entitled to an annual retirement benefit in the form of single life annuity with ten years certain in an amount equal to 1.5% of future service times average monthly compensation plus 1% per year of past service times average monthly compensation. The maximum total number of years of service is 47. The past service amount is calculated on the years prior to January 1, 1989. The IRC 415 maximum annual benefit is \$195,000 and benefits are limited to 100% of compensation. Compensation is defined as the highest consecutive three year average salary over all service years up to a maximum annual salary of \$245,000.

Annual Money-Weighted Rate of Return

For the year ended December 31, 2018, the annual money-weighted rate of return on the Plan's investments was (8.0%) and 15.1%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

Plan Membership

Membership of the Plan at December 31, 2018, the date of the latest actuarial valuation, consisted of:

Retirees and beneficiaries receiving benefits	-
Terminated plan members entitled to, but not yet receiving benefits	1
Active plan members	14
Actives suspended accruals due to change to defined contribution plan	<u>4</u>
Total	<u><u>19</u></u>

CITY OF SUN PRAIRIE

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2018

NOTE IV - OTHER INFORMATION (cont.)

A. SINGLE EMPLOYER PUBLIC EMPLOYEE RETIREMENT PLAN - SUN PRAIRIE UTILITIES (cont.)

Net Pension Liability

Components of the Plan's net pension liability, the total pension liability less the fiduciary net position, were as follows at December 31, 2018:

Total pension liability	\$ 2,540,543
Fiduciary net position	<u>2,445,364</u>
Net Pension Liability	<u>\$ 95,179</u>
Fiduciary Net Position as Percentage of Total Pension Liability	<u>96.3 %</u>

The schedule of changes in the employer's net pension liability and related ratios, presented as required supplementary information following the notes to the financial statements, presents multi-year trend information related to the funded status of the Pension Fund.

Actuarial Assumptions

The total pension liability is based on the results of the actuarial valuation as of December 31, 2018 using the aggregate cost method. The actuarial assumptions included (a) 5% investment rate of return (net of administrative expenses) and (b) projected salary increases of 2.5% per year. The assumptions did not include postretirement benefit increases. The actuarial value of assets was determined using the market value of investments. The aggregate cost method does not identify or separately amortize unfunded actuarial liabilities. Information about funded status and funding progress has been prepared using the entry age actuarial cost method for that purpose, and that the information presented is intended to approximate the funding progress of the plan. Mortality rates were based on the Applicable Mortality Table as defined in Rev. Rul. 2007-67.

Discount Rate

The discount rate used to measure the total pension liability for the Plan was 5%, the same as the prior valuation. The projection of cash flows used to determine the discount rate assumed that utility contributions will be made at rates equal to actuarially determined contribution rates. Based on those assumptions, the Pension Fund's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

CITY OF SUN PRAIRIE

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2018

NOTE IV - OTHER INFORMATION (cont.)

A. SINGLE EMPLOYER PUBLIC EMPLOYEE RETIREMENT PLAN - SUN PRAIRIE UTILITIES (cont.)

Discount Rate Sensitivity

The following is a sensitivity analysis of the net pension liability (asset) to changes in the discount rate. The table below presents the pension liability (asset) of the Plan calculated using the discount rate of 5% as well as what the net pension liability (asset) would be if it were to be calculated using a discount rate that is 1 percentage point lower (4%) or 1 percentage point higher (6%) than the current rate:

	1% Decrease (4%)	Current Discount Rate	1% Increase (6%)
Net pension liability (asset)	\$ 674,705	\$ 95,179	\$(353,852)

Long-Term Expected Rate of Return

The long-term expected rate of return was determined using a conservative approach. The expected median return for the following asset allocation strategy the Plan has been using is 6.62%. The actuarial expected rate of return is 5% in order to be more confident that there will not be a short fall of funding in future years.

Asset Class	Target	Long-Term Expected Real Rate of Return
Equities	40-45%	7.5%
Bonds	40-45%	6.0%
Alternatives	5-15%	4.0%
Preferreds	0-10%	4.0%
Cash and Cash Equivalents	0-0%	0.5%

B. EMPLOYEES' RETIREMENT SYSTEM

1. Wisconsin Retirement System (WRS)

All city and utility employees meeting eligibility requirements were allowed the option to switch to the WRS retirement plan as of January 1, 2017.

CITY OF SUN PRAIRIE

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2018

NOTE IV - OTHER INFORMATION (cont.)

B. EMPLOYEES' RETIREMENT SYSTEM (cont.)

1. Wisconsin Retirement System (WRS) (cont.)

Plan description. The WRS is a cost-sharing multiple-employer defined benefit pension plan. WRS benefits and other plan provisions are established by Chapter 40 of the Wisconsin Statutes. Benefit terms may only be modified by the legislature. The retirement system is administered by the Wisconsin Department of Employee Trust Funds (ETF). The system provides coverage to all eligible State of Wisconsin, local government and other public employees. All employees, initially employed by a participating WRS employer on or after July 1, 2011, and expected to work at least 1200 hours a year and expected to be employed for at least one year from employee's date of hire are eligible to participate in the WRS.

ETF issues a standalone Comprehensive Annual Financial Report (CAFR), which can be found at <http://etf.wi.gov/publications/cafr.htm>.

Vesting. For employees beginning participation on or after January 1, 1990, and no longer actively employed on or after April 24, 1998, creditable service in each of five years is required for eligibility for a retirement annuity. Participants employed prior to 1990 and on or after April 24, 1998, and prior to July 1, 2011, are immediately vested. Participants who initially became WRS eligible on or after July 1, 2011, must have five years of creditable service to be vested.

Benefits provided. Employees who retire at or after age 65 (54 for protective occupation employees, 62 for elected officials and State executive participants, if hired on or before 12/31/2016) are entitled to receive an unreduced retirement benefit. The factors influencing the benefit are: (1) final average earnings, (2) years of creditable service, and (3) a formula factor.

Final average earnings is the average of the participant's three highest years' earnings. Creditable service is the creditable current and prior service expressed in years or decimal equivalents of partial years for which a participant receives earnings and makes contributions as required. The formula factor is a standard percentage based on employment category.

Employees may retire at age 55 (50 for protective occupation employees) and receive reduced benefits. Employees terminating covered employment before becoming eligible for a retirement benefit may withdraw their contributions and forfeit all rights to any subsequent benefits.

The WRS also provides death and disability benefits for employees.

CITY OF SUN PRAIRIE

NOTE IV - OTHER INFORMATION (cont.)

B. EMPLOYEES' RETIREMENT SYSTEM (cont.)

1. Wisconsin Retirement System (WRS) (cont.)

Post-retirement adjustments. The Employee Trust Funds Board may periodically adjust annuity payments from the retirement system based on annual investment performance in accordance with s. 40.27, Wis. Stat. An increase (or decrease) in annuity payments may result when investment gains (losses), together with other actuarial experience factors, create a surplus (shortfall) in the reserves, as determined by the system's consulting actuary. Annuity increases are not based on cost of living or other similar factors. For Core annuities, decreases may be applied only to previously granted increases. By law, Core annuities cannot be reduced to an amount below the original, guaranteed amount (the "floor") set at retirement. The Core and Variable annuity adjustments granted during recent years are as follows:

Year	Core Fund Adjustment	Variable Fund Adjustment
2008	6.6%	0%
2009	(2.1)	(42)
2010	(1.3)	22
2011	(1.2)	11
2012	(7.0)	(7)
2013	(9.6)	9
2014	4.7	25
2015	2.9	2
2016	0.5	(5)
2017	2.0	4.0

CITY OF SUN PRAIRIE

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2018

NOTE IV - OTHER INFORMATION (cont.)

B. EMPLOYEES' RETIREMENT SYSTEM (cont.)

1. Wisconsin Retirement System (WRS) (cont.)

Contributions. Required contributions are determined by an annual actuarial valuation in accordance with Chapter 40 of the Wisconsin Statutes. The employee required contribution is one-half of the actuarially determined contribution rate for General category employees and Executives and Elected Officials. Starting on January 1, 2016, the Executives and Elected Officials category merged into the General Employee category. Required contributions for protective employees are the same rate as general employees. Employers are required to contribute the remainder of the actuarially determined contribution rate. The employer may not pay the employee required contribution unless provided for by an existing collective bargaining agreement.

During the reporting period, the WRS recognized \$885,332 in contributions from the city.

Contribution rates for the plan year reported as of December 31, 2018 are:

<u>Employee Category</u>	<u>Employee</u>	<u>Employer</u>
General (Executives & Elected Officials)	6.8%	6.8%
Protective with Social Security	6.8%	10.6%
Protective without Social Security	6.8%	14.9%

Pension Asset, Pension Expense, Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At December 31, 2018, the city reported an asset of \$1,625,225 for its proportionate share of the net pension asset. The net pension asset was measured as of December 31, 2017, and the total pension liability used to calculate the net pension asset was determined by an actuarial valuation as of December 31, 2016 rolled forward to December 31, 2017. No material changes in assumptions or benefit terms occurred between the actuarial valuation date and the measurement date. The city's proportion of the net pension asset was based on the city's share of contributions to the pension plan relative to the contributions of all participating employers. At December 31, 2017, the city's proportion was 0.05473764%, which was an increase of 0.01761748% from its proportion measured as of December 31, 2016.

For the year ended December 31, 2018, the city recognized pension expense of \$680,459.

NOTE IV - OTHER INFORMATION (cont.)

B. EMPLOYEES' RETIREMENT SYSTEM (cont.)

1. Wisconsin Retirement System (WRS) (cont.)

At December 31, 2018, the city reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 2,064,889	\$ 965,886
Changes in assumptions	321,112	-
Net differences between projected and actual earnings on pension plan investments	-	2,233,721
Changes in proportion and differences between employer contributions and proportionate share of contributions	9,375	6,822
Employer contributions subsequent to the measurement date	990,744	-
Totals	<u>\$ 3,386,120</u>	<u>\$ 3,206,429</u>

\$990,744 reported as deferred outflows related to pension resulting from the WRS Employer's contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability (asset) in the year ended December 31, 2019. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pension will be recognized in pension expense as follows:

Year Ended December 31:	Deferred Outflows of Resources and Deferred Inflows of Resources (net)
2019	\$ 179,339
2020	(14,330)
2021	(558,556)
2022	(421,408)
2023	3,902

NOTE IV - OTHER INFORMATION (cont.)

B. EMPLOYEES' RETIREMENT SYSTEM (cont.)

1. Wisconsin Retirement System (WRS) (cont.)

Actuarial assumptions. The total pension liability in the December 31, 2017 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Actuarial Valuation Date:	December 31, 2016
Measurement Date of Net Pension Liability (Asset):	December 31, 2017
Actuarial Cost Method:	Entry Age Normal
Asset Valuation Method:	Fair Value
Long-Term Expected Rate of Return:	7.2%
Discount Rate:	7.2%
Salary Increases:	
Inflation	3.2%
Seniority/Merit	0.2% - 5.6%
Mortality:	Wisconsin 2012 Mortality Table
Post-retirement Adjustments*:	2.1%

** No post-retirement adjustment is guaranteed. Actual adjustments are based on recognized investment return, actuarial experience and other factors. 2.1% is the assumed annual adjustment based on the investment return assumption and the post-retirement discount rate.*

Actuarial assumptions are based upon an experience study conducted in 2015 using experience from 2012 – 2014. The total pension liability for December 31, 2017 is based upon a roll-forward of the liability calculated from the December 31, 2016 actuarial valuation.

NOTE IV - OTHER INFORMATION (cont.)

B. EMPLOYEES' RETIREMENT SYSTEM (cont.)

1. Wisconsin Retirement System (WRS) (cont.)

Long-term expected return on plan assets. The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

<u>Core Fund Asset Class</u>	<u>Current Asset Allocation %</u>	<u>Long-Term Expected Nominal Rate of Return %</u>	<u>Long-Term Expected Real Rate of Return %</u>
Global Equities	50%	8.2%	5.3%
Fixed Income	24.5	4.2	1.4
Inflation Sensitive Assets	15.5	3.8	1.0
Real Estate	8	6.5	3.6
Private Equity/Debt	8	9.4	6.5
Multi-Asset	4	6.5	3.6
Total Core Fund	110	7.3	4.4
<u>Variable Fund Asset Class</u>			
U.S. Equities	70	7.5	4.6
International Equities	30	7.8	4.9
Total Variable Fund	100	7.9	5.0

New England Pension Consultants Long Term US CPI (Inflation) Forecast: 2.75%

Asset Allocations are managed within established ranges, target percentages may differ from actual monthly allocations

CITY OF SUN PRAIRIE

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2018

NOTE IV - OTHER INFORMATION (cont.)

B. EMPLOYEES' RETIREMENT SYSTEM (cont.)

1. Wisconsin Retirement System (WRS) (cont.)

Single discount rate. A single discount rate of 7.20% was used to measure the total pension liability. This single discount rate was based on the expected rate of return on pension plan investments of 7.20% and a long term bond rate of 3.31%. Because of the unique structure of WRS, the 7.20% expected rate of return implies that a dividend of approximately 2.1% will always be paid. For purposes of the single discount rate, it was assumed that the dividend would always be paid. The projection of cash flows used to determine this single discount rate assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments (including expected dividends) of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the city's proportionate share of the net pension (asset) liability to changes in the discount rate. The following presents the city's proportionate share of the net pension (asset) liability calculated using the discount rate of 7.20 percent, as well as what the city's proportionate share of the net pension (asset) liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.20 percent) or 1-percentage-point higher (8.20 percent) than the current rate:

	1% Decrease to Discount Rate (6.20%)	Current Discount Rate (7.20%)	1% Increase to Discount Rate (8.20%)
City's proportionate share of the net pension (asset) liability	\$4,205,013	\$(1,625,225)	\$(6,056,387)

Pension plan fiduciary net position. Detailed information about the pension plan's fiduciary net position is available in separately issued financial statements available at <http://etf.wi.gov/publications/cafr.htm>.

At December 31, 2018, the city reported a payable to the pension plan which represents contractually required contributions outstanding as of the end of the year.

2. ICMA Defined Contribution Plan

All remaining full-time and regular part-time employees who work a minimum of 25 hours per week for the city, wastewater utility and stormwater utility are covered under pension plans funded through ICMA Retirement Corporation (IRS Section 401(a) plan). These plans are defined contribution plans. The total pension contribution for 2018 was \$95,454. The total covered payroll for the year ended December 31, 2018 was \$1,424,682. Total contributions for the years ended December 31, 2017 and 2016 were \$105,552 and \$441,632, respectively, equal to the required contributions for each year. Benefits for non-union employees are fully vested after five years and benefits for union employees are fully vested after five years.

NOTE IV - OTHER INFORMATION (cont.)

B. EMPLOYEES' RETIREMENT SYSTEM (cont.)

3. Sun Prairie Utilities Employees' Pension Plan

The Sun Prairie Utilities contributes to the Sun Prairie Utility Pension plan as described in Note IV.A. The utilities' total contribution during 2018 was \$122,818, which is equal to the annual required contribution. The annual required contribution for the current year was determined as part of the December 31, 2018 actuarial valuation using the aggregate cost method. The 2018 contribution as calculated by the actuary were made as of December 31, 2018. The actuarial assumptions included (a) 5% investment rate of return (net of administrative expenses) and (b) projected salary increases of 2.5% per year. The assumptions did not include postretirement benefit increases. The actuarial value of assets was determined using the market value of investments. The aggregate cost method does not identify or separately amortize unfunded actuarial liabilities.

Pension Liabilities, Pension Expense, Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At December 31, 2018, the utilities reported a pension liability of \$95,179. The net pension liability was measured as of December 31, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2018. The entry age actuarial cost method is used to calculate the total pension liability.

For the year ended December 31, 2018, the utilities recognized pension expense of \$144,690.

	<u>2018</u>

Totals	<u><u>\$ 134,811</u></u>

4. Defined Contribution Plan - Sun Prairie Utilities Employees

Beginning in January 1, 2014, in addition to the defined benefit pension plan, the utilities established the Sun Prairie Utilities Employees Retirement Plan which is a defined contribution plan. All employees hired on or after January 1, 2013 have the option of joining the Sun Prairie Utilities Employees Retirement Plan (Defined Contribution Plan) which is administered by Coe Administrators, LLC. In addition to employees starting on or after January 1, 2013, all existing employees had the option of leaving the defined benefit pension plan and joining the Defined Contribution Plan. Participants become fully vested in the Defined Contribution Plan after five years of employment. The employer contributions are currently 8.5% of employee compensation. Contributions of \$58,619 and \$51,862 for 2018 and 2017 compensation, respectively, were made in the subsequent year.

All employees hired on or after January 1, 2017, will be required to participate in the Wisconsin Retirement System, and all existing retirement plans will be closed to new participants.

CITY OF SUN PRAIRIE

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2018

NOTE IV - OTHER INFORMATION (cont.)

C. RISK MANAGEMENT

The city is exposed to various risks of loss related to torts; theft of, damage to, or destruction of assets; errors and omissions; workers compensation; and health care of its employees. The city participates in a public entity risk pool called CVMIC to provide coverage for losses from (general liability and auto risks). However, other risks, such as (torts; theft of, damage to, or destruction of assets; errors and omission; workers compensation; and health care of its employees) are accounted for and financed by the city in the general fund.

Public Entity Risk Pool

Wisconsin Municipal Insurance Commission (WMIC) Cities and Villages Mutual Insurance Company (CVMIC)

The WMIC is an intergovernmental cooperation commission created by contract under Section 66.30 of the Wisconsin Statutes. It was created in August, 1987 for the purpose of facilitating the organization, establishment and capitalization of the CVMIC, and has numerous cities and villages as members.

The CVMIC is a municipal mutual insurance company established on September 14, 1987 under Section 611.23 of the Wisconsin Statutes. The CVMIC provides liability insurance coverage to the cities and villages which make up the membership of the WMIC.

The CVMIC is self-insured up to a maximum of \$2,000,000 of each insurance risk. Losses paid by CVMIC plus administrative expenses will be recovered through premiums to the participating pool of municipalities. The city's share of such losses is less than 1%.

Management of each organization consists of a board of directors or officers comprised of representatives elected by each of three classes of participants based on population. The city does not exercise any control over the activities of the agencies beyond the election of the officers and board.

Financial statements of WMIC and CVMIC can be obtained directly from CVMIC's offices.

The initial investment in WMIC is refundable upon withdrawal from the commission. The initial investment is being amortized over a 10-year period. The remaining balance of \$240,618 is reported in the general fund

The city pays an annual premium to CVMIC for its general liability insurance, which provides coverage up to \$5,000,000 per occurrence, less the city's retained liability. The city's retained liability is limited to \$50,000 per occurrence and an annual aggregate limit of \$200,000. An actuarially determined estimate for this liability, as well as for claims incurred but not reported at December 31, 2018, has been determined not to be significant and is not recorded. Changes in the fund's claims loss liability follow:

	<u>Beginning Balance</u>	<u>Incurred Claims</u>	<u>Claims Paid/ Settled</u>	<u>Ending Balance</u>
2018	\$ -	\$ 471,612	\$ 471,612	\$ -

CITY OF SUN PRAIRIE

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2018

NOTE IV - OTHER INFORMATION (cont.)

D. COMMITMENTS AND CONTINGENCIES

Claims and judgments are recorded as liabilities if all the conditions of Governmental Accounting Standards Board pronouncements are met. The liability and expenditure for claims and judgments are only reported in governmental funds if it has matured. Claims and judgments are recorded in the government-wide statements and proprietary funds as expenses when the related liabilities are incurred.

From time to time, the city is party to various pending claims and legal proceedings. Although the outcome of such matters cannot be forecasted with certainty, it is the opinion of management and the city attorney that the likelihood is remote that any such claims or proceedings will have a material adverse effect on the city's financial position or results of operations.

The city has received federal and state grants for specific purposes that are subject to review and audit by the grantor agencies. Such audits could lead to requests for reimbursements to the grantor agency for expenditures disallowed under terms of the grants. Management believes such disallowances, if any, would be immaterial.

Long-Term Contracts - WPPI Energy

The electric utility is one of 51 WPPI Energy member municipalities located throughout the State of Wisconsin. On December 1, 1989, each initial WPPI Energy member commenced purchasing electric service from WPPI Energy under a long-term Power Supply Contract for Participating Members (long-term contract). Under the long-term contract, WPPI Energy is obligated to provide and sell, and each member is obligated to take and pay for, the electric power and energy required for the operation of each member's electric utility.

The long-term contract requires all WPPI Energy members to pay for power and energy requirements supplied or made available by WPPI Energy at rates sufficient to cover WPPI Energy's revenue requirement including power supply costs, administrative expenses and debt service. WPPI Energy's subsequent year's operating budget and rates are approved annually by its Board of Directors, consisting of representatives from each member. The members have agreed to charge rates to retail customers sufficient to meet their WPPI Energy obligations. The long-term contract provides that all payments to WPPI Energy constitute operating expenses of the utility payable from any operating and maintenance fund established for that system.

Forty-nine members, representing approximately 98% of WPPI Energy's existing load, have long-term contracts through December 31, 2055. The remaining two members have long-term contracts through December 31, 2037.

WPPI Energy's outstanding debt service obligation to be paid by its members through their wholesale power charges through the remainder of the long-term contract was \$342 million as of December 31, 2018.

E. JOINT VENTURES

Multijurisdictional Public Safety Information System Commission (MPSISC)

The City of Sun Prairie, City of Fitchburg, City of Middleton, City of Verona, and the City of Monona jointly operate the Multijurisdictional Public Safety Information System Commission. On March 20, 2003, the City of Sun Prairie, City of Fitchburg and the City of Middleton executed an intergovernmental agreement under authority of Section 66.0301 of the Wisconsin Statutes. The City of Verona and City of Monona joined the joint venture in 2009. The commission adopts its own budget. Net operating costs including debt service are shared by the communities. The department is governed by the Intermunicipal Commission. The commission consists of one representative from each community. The transactions of the commission are not reflected in these financial statements. The city is the fiscal agent for MPSISC and therefore, includes MPSISC as an agency fund in these financial statements. Financial information for MPSISC can be obtained from the City of Sun Prairie.

The city does not have an equity interest in this joint venture.

Cooperative Boundary Plan

On January 17, 2007, the City of Sun Prairie, the Town of Burke, the Village of DeForest, and the City of Madison executed an intergovernmental agreement under authority of Section 66.0307 of the Wisconsin Statutes.

The term and implementation phases within the plan recognize and attempt to balance the competing desires of the cities, the village, and the town and the existing town, village, and city property owners and residents. The plan provides for the eventual dissolution of the town after a protected period of up to 29 years, but allows early annexations within several areas to address near-term problems and opportunities.

The plan shall terminate on October 26, 2036, or at such earlier time as the town may cease to exist as a separate entity in accordance with the terms of this plan. A complete copy of the plan can be obtained from the City of Sun Prairie.

F. SUBSEQUENT EVENTS

On February 7, 2019 the city issued taxable general obligation corporate purpose bonds in the amount of \$9,255,000 with an interest rate of 2.7-4.0%. This amount will be used to redeem portions of existing state trust fund loans as well as for projects in TID No. 9 and No. 11.

On February 7, 2019 the city issued general obligation refunding bonds in the amount of \$2,555,000 with an interest rate of 3.0-4.0%. This amount will be used to redeem portions of existing state trust fund loans.

CITY OF SUN PRAIRIE

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2018

NOTE IV - OTHER INFORMATION (cont.)

G. TAX ABATEMENT

Tax abatements are a reduction in tax revenues that results from an agreement between one or more governments and an individual or entity in which (a) one or more governments promise to forgo tax revenues to which they are otherwise entitled and (b) the individual or entity promises to take a specific action after the agreement has been entered into that contributes to economic development or otherwise benefits the governments or the citizens of those governments.

The city is disclosing all abatement agreements individually.

The city through its TIDs has entered into tax abatement agreements with developers in the form of tax incremental financing incentive payments to stimulate economic development. The abatements are authorized through the TID project plans. The developers pay property taxes as they become due, and after meeting the criteria established in the development agreements, are entitled to future incentive payments that directly correlate to the taxes paid.

H. EFFECT OF NEW ACCOUNTING STANDARDS ON CURRENT-PERIOD FINANCIAL STATEMENTS

The Governmental Accounting Standards Board (GASB) has approved the following:

- > Statement No. 83, *Certain Asset Retirement Obligations*
- > Statement No. 84, *Fiduciary Activities*
- > Statement No. 87, *Leases*
- > Statement No. 88, *Certain Disclosures Related to Debt, Including Direct Borrowings and Direct Placements*
- > Statement No. 89, *Accounting for Interest Cost Incurred before the End of a Construction Period*
- > Statement No. 90, *Majority Equity Interests - an amendment of GASB Statements No. 14 and No. 61*

When they become effective, application of these standards may restate portions of these financial statements.

Covered payroll	\$1,306,010	\$1,325,082	\$1,398,378	\$1,488,604	\$1,753,037
Contributions as a percentage of covered payroll	9.33%	10.90%	14.42%	19.18%	16.04%

Notes to Schedule:

Valuation date: Actuarially determined contributions are calculated as of December 31, 2018.

Methods and assumptions used to determine contribution rates:

Actuarial cost method	Entry-age normal
Amortization method	Level percentage of payroll
Remaining amortization period	1 year
Asset valuation method	Market Value
Inflation	2.50%
Salary increases	2.50%
Investment rate of return	5.00%
Retirement age	See Note IV.A. in the Notes to Financial Statements
Mortality	Applicable Mortality Table as defined in Rev. Rul. 2007-67

Note: information is presented since the implementation of GASB 67 and GASB 68.

CITY OF SUN PRAIRIE

	<u>2018</u>	<u>2017</u>	<u>2016</u>	<u>2015</u>	<u>2014</u>
Annual money-weighted rate of return, net of investment expense	-7.98%	15.10%	7.42%	-4.78%	2.85%

Note: information is presented since the implementation of GASB 67 and 68.

CITY OF SUN PRAIRIE

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION For the Year Ended December 31, 2018

BUDGETARY INFORMATION

Budgetary information is derived from the annual operating budget and is presented using the same basis of accounting for each fund as described in Note I. C.

The budgeted amounts presented include any amendments made. The city may authorize transfers of budgeted amounts within departments. Transfers between departments and changes to the overall budget must be approved by a two-thirds action.

Appropriations lapse at year-end unless specifically carried over. Carryovers to the following year were \$611,089. Budgets are adopted at the department level of expenditure.

WISCONSIN RETIREMENT SYSTEM

The amounts determined for each fiscal year were determined as of the calendar year-end and occurred within the fiscal year.

The city is required to present the last ten years of data; however, accounting standards allow the presentation of as many years as are available until ten fiscal years are presented.

Changes in benefit terms. There were no changes of benefit terms for any participating employer in the Wisconsin Retirement System.

Changes in assumptions. There were no changes in assumptions.

SUPPLEMENTARY INFORMATION

CITY OF SUN PRAIRIE, WISCONSIN

Introduction to the Statistical Section

December 31, 2018

STATISTICAL SECTION

This part of the City's Comprehensive Annual Finance Report presents detailed information as a context for understanding what the information in the financial statements, notes to financial statements, and required supplementary information indicate about the City's overall financial health.

<u>Contents</u>	<u>Page(s)</u>
Financial Trends – Schedules 1-5 These schedules contain trends information to help the reader understand how the City's financial performance and wellbeing have changed over time.	115 - 121
Revenue Capacity – Schedules 6 – 9 These schedules contain information to help the reader assess the factors affecting the City's ability to generate the City's most significant one-source revenue, property taxes.	122 - 125
Debt Capacity – Schedules 10 - 14 These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future.	126 - 130
Demographic and Economic Information – Schedules 15 - 17 These schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place and to help make comparisons over time and with other governments.	131 – 133
Operating Information – Schedule 18 This schedule contains information about the City's operations and resources to help the reader understand how the City's financial information relates to the services the City provides and the activities it performs.	134

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year. The City implemented GASB 34 in 2015.

Note: The City implemented GASB Statement No. 54-Fund Balance Reporting and Governmental Fund Type Definitions in 2011. This statement established new fund balance classifications, which are based primarily on the extent to which the City is bound to observe constraints on the use of the resources reported in governmental funds. As a result of implementing this standard, the fund balance categories used beginning in 2011 are not directly comparable to the fund balance categories used prior to 2011.

Source: Statement of Assessment for the City of Sun Prairie

1 - Total assessed values do not include exempt properties. The City of Sun Prairie Assessor's Office does not assess property classified as exempt. Assessed values are established by City Assessor on all property except manufacturing property as of January 1 of each year. The Wisconsin Department of Revenue determines manufacturing property assessed values as of January 1 of each year. A revaluation of all property was completed in 2006, 2008, 2010, 2012 and 2014.

2 - Equalized values are determined by the Wisconsin Department of Revenue.

3 - Assessment ratio is calculated by the State of Wisconsin Equalization Board

4 - The State of Wisconsin passed legislation exempting class 2 personal property (machinery, tools and patterns) beginning January 1, 2018.

1 - All delinquent real estate taxes are purchased 100% by Dane County.

2 - Wisconsin state law requires counties to pay 100% of real property taxes levied to Cities. Personal property taxes remain the responsibility of the City for collections.
